Policy No. LG695378

ITEM CGL-0002	CLASS / TERRITORY 41670 / 007
EXPOSURE Gross sales 107,692	LIMIT General Aggregate: \$2,000,000
PREMIUM \$5,546	FORM CG 20 10 04 13

THIS SECTION ESTABLISHES THE PROCEDURES FOR PROCESSING PREMIUM ADJUSTMENTS FOLLOWING THE COMPLETION OF THE ANNUAL EXPOSURE AUDIT.

Upon expiration of the 04/01/2026 to 04/01/2027 policy period, an auditor will verify the actual gross sales, cost of work, and payroll figures.

If the audited exposures exceed the initial estimates of 87,042 for location 1 or 127,051 for location 4, an additional premium invoice will be generated.

Conversely, if the verified exposures fall below the estimates, a return premium will be credited to your account, subject to the established minimum retained premium.

Audit invoices are due within thirty days of the billing date. Disputed audit findings must be submitted in writing with supporting documentation prior to the due date.

References to classification, territory, and exposure basis include class code 41670 at Location 2 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 41670 at Location 2 with gross sales of 107,692; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

SECTION C - ADDITIONAL INSURED AND CONTRACTS

CLASSIFICATION AND TERRITORY ADMINISTRATION

JCC-GL-003 policy form

Policy No. LG695378

ITEM CGL-0003	CLASS / TERRITORY 16916 / 007
EXPOSURE Cost of work 115,531	LIMIT Products-Completed Operations Aggregate: \$2,000,000
PREMIUM \$2,830	FORM CG 20 37 12 19

CLASSIFICATION AND TERRITORY ENTRIES ARE USED FOR RATING AND DO NOT DETERMINE COVERAGE BY THEMSELVES. THE APPLICABLE COVERAGE PART, LIMIT, EXCLUSION, AND ENDORSEMENT MUST BE READ WITH THE DECLARATIONS.

Territory 003 and Territory 007 carry distinct base rates reflecting the regional risk profile. Operations conducted outside these designated territories must be reported to Juniper Crown Casualty within thirty days.

Class code 10010 for Mercantile - food or beverage stores applies specifically to location 1. The exposure basis of gross sales excludes collected sales tax and customer returns.

Class code 41670 for Restaurants - with sales of alcoholic beverages is assigned to location 2. The products-completed operations rate of 0.160 is applied separately from the premises operations rate.

Reclassification may occur if the nature of your business operations changes during the policy period. Notification to Lumen Field Brokerage is required to ensure accurate rating and continuous protection.

References to classification, territory, and exposure basis include class code 16916 at Location 3 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 16916 at Location 3 with cost of work of 115,531; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

Limits of Insurance operation

LIMITS OF INSURANCE OPERATION

JCC-GL-004 policy form

Policy No. LG695378

ITEM CGL-0004	CLASS / TERRITORY 91560 / 003
EXPOSURE Payroll 127,051	LIMIT Personal and Advertising Injury: \$1,000,000
PREMIUM \$9,452	FORM CG 21 06 09 21

THE LIMITS DISPLAYED ON THE DECLARATIONS PAGE REPRESENT THE MAXIMUM FINANCIAL RESPONSIBILITY ASSUMED BY JUNIPER CROWN CASUALTY. THESE CAPS APPLY REGARDLESS OF THE NUMBER OF INSUREDS, CLAIMS FILED, OR PERSONS INJURED.

The General Aggregate limit of \$2,000,000 is the total cap for all covered events during the policy period, except those falling under the products-completed operations hazard.

The Products-Completed Operations Aggregate limit of \$2,000,000 functions independently. It caps the total responsibility for incidents arising from your completed work or distributed goods.

The Each Occurrence limit of \$1,000,000 restricts the payout for any single event. This per-event cap is subject to the remaining balance of the applicable aggregate limit.

The Personal and Advertising Injury limit of \$1,000,000 applies separately to offenses such as libel, slander, or copyright infringement. Payments under this provision reduce the General Aggregate limit.

References to classification, territory, and exposure basis include class code 91560 at Location 4 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 91560 at Location 4 with payroll of 127,051; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

SEPARATION OF INSURED AND CROSS LIABILITY

JCC-GL-005 policy form

Policy No. LG695378

ITEM CGL-0005	CLASS / TERRITORY 97047 / 012
EXPOSURE Area 130,133	LIMIT Damage to Premises Rented to You: \$100,000
PREMIUM \$1,457	FORM CG 21 67 04 13

THIS CONTRACT APPLIES SEPARATELY TO EACH ENTITY DESIGNATED AS AN INSURED. HOWEVER, THIS SEPARATION DOES NOT INCREASE THE EACH OCCURRENCE OR GENERAL AGGREGATE LIMITS ESTABLISHED FOR POLICY LG695378.

When multiple insureds are named in a single suit, our duty to provide a defense remains capped by the scheduled limits. We will coordinate a unified defense unless a direct conflict of interest is identified.

Employees and volunteer workers are considered insureds only while performing duties related to the business of Juniper Gate Learning Center, LLC.

A form listed for an exposure item may apply to only the scheduled operation, location, or completed-operations hazard shown in the declarations.

Any breach of conditions by one insured does not automatically void the protection for other insureds, provided the other insureds did not participate in or have prior knowledge of the breach.

References to classification, territory, and exposure basis include class code 97047 at Location 5 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 97047 at Location 5 with area of 130,133; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

JUNIPER CROWN CASUALTY ISSUES THIS CONTRACT TO JUNIPER GATE LEARNING CENTER, LLC. THIS SECTION OUTLINES THE FOUNDATIONAL ADMINISTRATIVE RULES GOVERNING POLICY NUMBER LG695378.

Premium calculations rely on the estimated exposures provided at inception. The initial charge is provisional and subject to retrospective adjustment once the actual exposure base is verified.

Inspections may be conducted at our discretion at any scheduled premises, including locations 1 through 4. These surveys are strictly for underwriting purposes and do not constitute a warranty of safety or compliance with regulations.

Transfer of your duties or rights under this contract requires our written consent. In the event of the named insured's death, rights transfer automatically to the legal representative handling the estate.

All modifications to the terms must be executed through an official endorsement issued by Lumen Field Brokerage or our authorized underwriting department.

References to classification, territory, and exposure basis include class code 61217 at Location 6 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

EXPOSURE Gross sales 158,996	LIMIT Each Occurrence: \$1,000,000
PREMIUM \$8,188	FORM CG 24 04 01 24

THIS AMENDATORY ENDORSEMENT MODIFIES THE CANCELLATION AND NONRENEWAL CONDITIONS TO COMPLY WITH THE STATUTORY REQUIREMENTS OF THE STATE OF VERMONT.

If Juniper Crown Casualty elects to cancel this contract for nonpayment of premium, a written notice will be mailed to the named insured at 19 Briar Harbor, Burlington, VT 05401, at least fifteen days prior to the effective date.

For cancellation reasons other than nonpayment, a forty-five day advance written notice is required. The notice will state the specific factual basis for the termination.

In the event of nonrenewal, we will provide written notice to Lumen Field Brokerage and the named insured no less than forty-five days before the expiration date of 04/01/2027.

Any provisions in the base contract that conflict with Vermont insurance statutes are hereby superseded by this state-specific amendatory document.

References to classification, territory, and exposure basis include class code 18435 at Location 1 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

PREMIUM \$8,831	FORM CG 00 01 09 21

JUNIPER CROWN CASUALTY IS COMMITTED TO TRANSPARENCY REGARDING THE CALCULATION OF YOUR COMMERCIAL PREMIUMS. THIS NOTICE OUTLINES THE FACTORS INFLUENCING YOUR RATES.

Your final premium is heavily dependent on the accurate reporting of exposure bases, including the 87,042 gross sales at location 1 and the 127,051 payroll at location 4.

The products-completed operations rate varies by classification. For instance, class code 16916 carries a rate of 0.076, while class code 41670 utilizes a rate of 0.160.

Failure to provide accurate exposure estimates may result in substantial audit balances at the conclusion of the 04/01/2026 to 04/01/2027 policy period.

This notice is strictly for informational purposes. It does not amend, extend, or alter the provisions of policy number LG695378.

References to classification, territory, and exposure basis include class code 47103 at Location 2 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 47103 at Location 2 with payroll of 171,494; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

EXPOSURE Payroll 235,736	LIMIT Medical Expense: \$5,000
PREMIUM \$12,140	FORM CG 21 67 04 13

THIS SECTION ESTABLISHES THE PROCEDURES FOR PROCESSING PREMIUM ADJUSTMENTS FOLLOWING THE COMPLETION OF THE ANNUAL EXPOSURE AUDIT.

Upon expiration of the 04/01/2026 to 04/01/2027 policy period, an auditor will verify the actual gross sales, cost of work, and payroll figures.

If the audited exposures exceed the initial estimates of 87,042 for location 1 or 127,051 for location 4, an additional premium invoice will be generated.

Conversely, if the verified exposures fall below the estimates, a return premium will be credited to your account, subject to the established minimum retained premium.

Audit invoices are due within thirty days of the billing date. Disputed audit findings must be submitted in writing with supporting documentation prior to the due date.

References to classification, territory, and exposure basis include class code 91560 at Location 6 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 91560 at Location 6 with payroll of 235,736; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

THIS DOCUMENT SERVES AS FORMAL NOTIFICATION REGARDING THE MATERIALITY OF ENDORSEMENTS ATTACHED TO YOUR COMMERCIAL GENERAL LIABILITY POLICY.

Endorsement GL-EN-003, effective 03/20/2026, introduces a Material change to your risk profile by restricting certain data privacy exposures.

The Employment-Related Practices Exclusion is classified as Potentially Material. You are advised to review your internal human resources policies to mitigate associated risks.

Endorsement GL-EN-001, effective 01/20/2026, is designated as No Material Change. It clarifies existing provisions without altering the fundamental scope of the contract.

Please direct any questions regarding these materiality classifications to your representative at Lumen Field Brokerage.

References to classification, territory, and exposure basis include class code 97047 at Location 1 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

EXPOSURE Area 260,842	LIMIT General Aggregate: \$2,000,000
PREMIUM \$13,433	FORM CG 24 04 12 19

THE LIMITS DISPLAYED ON THE DECLARATIONS PAGE REPRESENT THE MAXIMUM FINANCIAL RESPONSIBILITY ASSUMED BY JUNIPER CROWN CASUALTY. THESE CAPS APPLY REGARDLESS OF THE NUMBER OF INSUREDS, CLAIMS FILED, OR PERSONS INJURED.

The General Aggregate limit of \$2,000,000 is the total cap for all covered events during the policy period, except those falling under the products-completed operations hazard.

The Products-Completed Operations Aggregate limit of \$2,000,000 functions independently. It caps the total responsibility for incidents arising from your completed work or distributed goods.

The Each Occurrence limit of \$1,000,000 restricts the payout for any single event. This per-event cap is subject to the remaining balance of the applicable aggregate limit.

The Personal and Advertising Injury limit of \$1,000,000 applies separately to offenses such as libel, slander, or copyright infringement. Payments under this provision reduce the General Aggregate limit.

References to classification, territory, and exposure basis include class code 61217 at Location 2 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

JUNIPER CROWN CASUALTY ISSUES THIS CONTRACT TO JUNIPER GATE LEARNING CENTER, LLC. THIS SECTION OUTLINES THE FOUNDATIONAL ADMINISTRATIVE RULES GOVERNING POLICY NUMBER LG695378.

Premium calculations rely on the estimated exposures provided at inception. The initial charge is provisional and subject to retrospective adjustment once the actual exposure base is verified.

Inspections may be conducted at our discretion at any scheduled premises, including locations 1 through 4. These surveys are strictly for underwriting purposes and do not constitute a warranty of safety or compliance with regulations.

Transfer of your duties or rights under this contract requires our written consent. In the event of the named insured's death, rights transfer automatically to the legal representative handling the estate.

All modifications to the terms must be executed through an official endorsement issued by Lumen Field Brokerage or our authorized underwriting department.

References to classification, territory, and exposure basis include class code 47103 at Location 4 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 47103 at Location 4 with payroll of 293,865; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

PREMIUM \$21,835	FORM CG 20 37 04 13

THE PREMIUM SHOWN IN THE DECLARATIONS FOR POLICY PERIOD 04/01/2026 TO 04/01/2027 IS AN ADVANCE ESTIMATE. FINAL PREMIUM DETERMINATION OCCURS AFTER THE EXPIRATION OF THE POLICY TERM THROUGH A FORMAL AUDIT PROCESS.

You must maintain detailed records of all operations, specifically tracking gross sales, payroll, and the cost of work. These figures form the exposure basis for your classification codes.

For class code 16916, Contractors - subcontracted work, the cost of work must include all materials and labor furnished by subcontractors. Certificates of insurance must be collected from all subcontractors to avoid additional premium charges.

For class code 91560, Concrete construction, payroll records must segregate overtime pay and severance to ensure accurate rate application. The rate of 0.744 applies to the adjusted payroll exposure.

We reserve the right to examine your financial ledgers for up to three years following the policy expiration date. Any resulting audit premium is due immediately upon receipt of the final billing statement.

References to classification, territory, and exposure basis include class code 10010 at Location 5 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 10010 at Location 5 with gross sales of 293,483; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

CLASSIFICATION AND TERRITORY ENTRIES ARE USED FOR RATING AND DO NOT DETERMINE COVERAGE BY THEMSELVES. THE APPLICABLE COVERAGE PART, LIMIT, EXCLUSION, AND ENDORSEMENT MUST BE READ WITH THE DECLARATIONS.

Territory 003 and Territory 007 carry distinct base rates reflecting the regional risk profile. Operations conducted outside these designated territories must be reported to Juniper Crown Casualty within thirty days.

Class code 10010 for Mercantile - food or beverage stores applies specifically to location 1. The exposure basis of gross sales excludes collected sales tax and customer returns.

Class code 41670 for Restaurants - with sales of alcoholic beverages is assigned to location 2. The products-completed operations rate of 0.160 is applied separately from the premises operations rate.

Reclassification may occur if the nature of your business operations changes during the policy period. Notification to Lumen Field Brokerage is required to ensure accurate rating and continuous protection.

References to classification, territory, and exposure basis include class code 41670 at Location 6 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

THIS CONTRACT APPLIES SEPARATELY TO EACH ENTITY DESIGNATED AS AN INSURED. HOWEVER, THIS SEPARATION DOES NOT INCREASE THE EACH OCCURRENCE OR GENERAL AGGREGATE LIMITS ESTABLISHED FOR POLICY LG695378.

When multiple insureds are named in a single suit, our duty to provide a defense remains capped by the scheduled limits. We will coordinate a unified defense unless a direct conflict of interest is identified.

Employees and volunteer workers are considered insureds only while performing duties related to the business of Juniper Gate Learning Center, LLC.

A form listed for an exposure item may apply to only the scheduled operation, location, or completed-operations hazard shown in the declarations.

Any breach of conditions by one insured does not automatically void the protection for other insureds, provided the other insureds did not participate in or have prior knowledge of the breach.

References to classification, territory, and exposure basis include class code 91560 at Location 2 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

THIS SECTION ESTABLISHES THE PROCEDURES FOR PROCESSING PREMIUM ADJUSTMENTS FOLLOWING THE COMPLETION OF THE ANNUAL EXPOSURE AUDIT.

Upon expiration of the 04/01/2026 to 04/01/2027 policy period, an auditor will verify the actual gross sales, cost of work, and payroll figures.

If the audited exposures exceed the initial estimates of 87,042 for location 1 or 127,051 for location 4, an additional premium invoice will be generated.

Conversely, if the verified exposures fall below the estimates, a return premium will be credited to your account, subject to the established minimum retained premium.

Audit invoices are due within thirty days of the billing date. Disputed audit findings must be submitted in writing with supporting documentation prior to the due date.

References to classification, territory, and exposure basis include class code 61217 at Location 4 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 61217 at Location 4 with area of 373,406; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

THIS BILLING SUMMARY DETAILS THE ADVANCE PREMIUM CHARGES FOR THE COMMERCIAL GENERAL LIABILITY COVERAGE PART ISSUED TO JUNIPER GATE LEARNING CENTER, LLC.

The premium for location 1, classified under Mercantile - food or beverage stores, is calculated at \$3,412 based on an estimated gross sales exposure of 87,042.

Location 2, operating as Restaurants - with sales of alcoholic beverages, generates an advance premium of \$5,546 derived from the 107,692 gross sales estimate.

Subcontracted work under class code 16916 at location 3 results in a premium of \$2,830, while the concrete construction operations at location 4 produce a premium of \$9,452.

The total advance premium is payable to Juniper Crown Casualty according to the installment schedule selected by Lumen Field Brokerage.

References to classification, territory, and exposure basis include class code 18435 at Location 5 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 18435 at Location 5 with gross sales of 383,418; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

PREMIUM \$7,323	FORM CG 20 37 12 19

THE LIMITS DISPLAYED ON THE DECLARATIONS PAGE REPRESENT THE MAXIMUM FINANCIAL RESPONSIBILITY ASSUMED BY JUNIPER CROWN CASUALTY. THESE CAPS APPLY REGARDLESS OF THE NUMBER OF INSUREDS, CLAIMS FILED, OR PERSONS INJURED.

The General Aggregate limit of \$2,000,000 is the total cap for all covered events during the policy period, except those falling under the products-completed operations hazard.

The Products-Completed Operations Aggregate limit of \$2,000,000 functions independently. It caps the total responsibility for incidents arising from your completed work or distributed goods.

The Each Occurrence limit of \$1,000,000 restricts the payout for any single event. This per-event cap is subject to the remaining balance of the applicable aggregate limit.

The Personal and Advertising Injury limit of \$1,000,000 applies separately to offenses such as libel, slander, or copyright infringement. Payments under this provision reduce the General Aggregate limit.

References to classification, territory, and exposure basis include class code 47103 at Location 6 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 47103 at Location 6 with payroll of 397,991; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

THIS CONTRACT APPLIES SEPARATELY TO EACH ENTITY DESIGNATED AS AN INSURED. HOWEVER, THIS SEPARATION DOES NOT INCREASE THE EACH OCCURRENCE OR GENERAL AGGREGATE LIMITS ESTABLISHED FOR POLICY LG695378.

When multiple insureds are named in a single suit, our duty to provide a defense remains capped by the scheduled limits. We will coordinate a unified defense unless a direct conflict of interest is identified.

Employees and volunteer workers are considered insureds only while performing duties related to the business of Juniper Gate Learning Center, LLC.

A form listed for an exposure item may apply to only the scheduled operation, location, or completed-operations hazard shown in the declarations.

Any breach of conditions by one insured does not automatically void the protection for other insureds, provided the other insureds did not participate in or have prior knowledge of the breach.

References to classification, territory, and exposure basis include class code 10010 at Location 1 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 10010 at Location 1 with gross sales of 407,435; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

JUNIPER CROWN CASUALTY ISSUES THIS CONTRACT TO JUNIPER GATE LEARNING CENTER, LLC. THIS SECTION OUTLINES THE FOUNDATIONAL ADMINISTRATIVE RULES GOVERNING POLICY NUMBER LG695378.

Premium calculations rely on the estimated exposures provided at inception. The initial charge is provisional and subject to retrospective adjustment once the actual exposure base is verified.

Inspections may be conducted at our discretion at any scheduled premises, including locations 1 through 4. These surveys are strictly for underwriting purposes and do not constitute a warranty of safety or compliance with regulations.

Transfer of your duties or rights under this contract requires our written consent. In the event of the named insured's death, rights transfer automatically to the legal representative handling the estate.

All modifications to the terms must be executed through an official endorsement issued by Lumen Field Brokerage or our authorized underwriting department.

References to classification, territory, and exposure basis include class code 41670 at Location 2 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

CLASSIFICATION AND TERRITORY ENTRIES ARE USED FOR RATING AND DO NOT DETERMINE COVERAGE BY THEMSELVES. THE APPLICABLE COVERAGE PART, LIMIT, EXCLUSION, AND ENDORSEMENT MUST BE READ WITH THE DECLARATIONS.

Territory 003 and Territory 007 carry distinct base rates reflecting the regional risk profile. Operations conducted outside these designated territories must be reported to Juniper Crown Casualty within thirty days.

Class code 10010 for Mercantile - food or beverage stores applies specifically to location 1. The exposure basis of gross sales excludes collected sales tax and customer returns.

Class code 41670 for Restaurants - with sales of alcoholic beverages is assigned to location 2. The products-completed operations rate of 0.160 is applied separately from the premises operations rate.

Reclassification may occur if the nature of your business operations changes during the policy period. Notification to Lumen Field Brokerage is required to ensure accurate rating and continuous protection.

References to classification, territory, and exposure basis include class code 91560 at Location 4 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

EXPOSURE Payroll 500,778	LIMIT General Aggregate: \$2,000,000
PREMIUM \$37,257	FORM CG 21 06 04 13

THIS SECTION ESTABLISHES THE PROCEDURES FOR PROCESSING PREMIUM ADJUSTMENTS FOLLOWING THE COMPLETION OF THE ANNUAL EXPOSURE AUDIT.

Upon expiration of the 04/01/2026 to 04/01/2027 policy period, an auditor will verify the actual gross sales, cost of work, and payroll figures.

If the audited exposures exceed the initial estimates of 87,042 for location 1 or 127,051 for location 4, an additional premium invoice will be generated.

Conversely, if the verified exposures fall below the estimates, a return premium will be credited to your account, subject to the established minimum retained premium.

Audit invoices are due within thirty days of the billing date. Disputed audit findings must be submitted in writing with supporting documentation prior to the due date.

References to classification, territory, and exposure basis include class code 47103 at Location 2 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

ITEM CGL-0033	CLASS / TERRITORY 10010 / 012
EXPOSURE Gross sales 509,869	LIMIT Products-Completed Operations Aggregate: \$2,000,000
PREMIUM \$12,491	FORM CG 21 67 12 19

CLASSIFICATION AND TERRITORY ENTRIES ARE USED FOR RATING AND DO NOT DETERMINE COVERAGE BY THEMSELVES. THE APPLICABLE COVERAGE PART, LIMIT, EXCLUSION, AND ENDORSEMENT MUST BE READ WITH THE DECLARATIONS.

Territory 003 and Territory 007 carry distinct base rates reflecting the regional risk profile. Operations conducted outside these designated territories must be reported to Juniper Crown Casualty within thirty days.

Class code 10010 for Mercantile - food or beverage stores applies specifically to location 1. The exposure basis of gross sales excludes collected sales tax and customer returns.

Class code 41670 for Restaurants - with sales of alcoholic beverages is assigned to location 2. The products-completed operations rate of 0.160 is applied separately from the premises operations rate.

Reclassification may occur if the nature of your business operations changes during the policy period. Notification to Lumen Field Brokerage is required to ensure accurate rating and continuous protection.

References to classification, territory, and exposure basis include class code 10010 at Location 3 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 10010 at Location 3 with gross sales of 509,869; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

EXPOSURE Gross sales 538,089	LIMIT Personal and Advertising Injury: \$1,000,000
PREMIUM \$13,183	FORM CG 24 26 09 21

THE LIMITS DISPLAYED ON THE DECLARATIONS PAGE REPRESENT THE MAXIMUM FINANCIAL RESPONSIBILITY ASSUMED BY JUNIPER CROWN CASUALTY. THESE CAPS APPLY REGARDLESS OF THE NUMBER OF INSUREDS, CLAIMS FILED, OR PERSONS INJURED.

The General Aggregate limit of \$2,000,000 is the total cap for all covered events during the policy period, except those falling under the products-completed operations hazard.

The Products-Completed Operations Aggregate limit of \$2,000,000 functions independently. It caps the total responsibility for incidents arising from your completed work or distributed goods.

The Each Occurrence limit of \$1,000,000 restricts the payout for any single event. This per-event cap is subject to the remaining balance of the applicable aggregate limit.

The Personal and Advertising Injury limit of \$1,000,000 applies separately to offenses such as libel, slander, or copyright infringement. Payments under this provision reduce the General Aggregate limit.

References to classification, territory, and exposure basis include class code 41670 at Location 4 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

EXPOSURE Cost of work 545,801	LIMIT Damage to Premises Rented to You: \$100,000
PREMIUM \$10,042	FORM CG 24 04 04 13

THIS CONTRACT APPLIES SEPARATELY TO EACH ENTITY DESIGNATED AS AN INSURED. HOWEVER, THIS SEPARATION DOES NOT INCREASE THE EACH OCCURRENCE OR GENERAL AGGREGATE LIMITS ESTABLISHED FOR POLICY LG695378.

When multiple insureds are named in a single suit, our duty to provide a defense remains capped by the scheduled limits. We will coordinate a unified defense unless a direct conflict of interest is identified.

Employees and volunteer workers are considered insureds only while performing duties related to the business of Juniper Gate Learning Center, LLC.

A form listed for an exposure item may apply to only the scheduled operation, location, or completed-operations hazard shown in the declarations.

Any breach of conditions by one insured does not automatically void the protection for other insureds, provided the other insureds did not participate in or have prior knowledge of the breach.

References to classification, territory, and exposure basis include class code 16916 at Location 5 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 16916 at Location 5 with cost of work of 545,801; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

PREMIUM \$6,279	FORM CG 00 01 09 21

JUNIPER CROWN CASUALTY IS COMMITTED TO TRANSPARENCY REGARDING THE CALCULATION OF YOUR COMMERCIAL PREMIUMS. THIS NOTICE OUTLINES THE FACTORS INFLUENCING YOUR RATES.

Your final premium is heavily dependent on the accurate reporting of exposure bases, including the 87,042 gross sales at location 1 and the 127,051 payroll at location 4.

The products-completed operations rate varies by classification. For instance, class code 16916 carries a rate of 0.076, while class code 41670 utilizes a rate of 0.160.

Failure to provide accurate exposure estimates may result in substantial audit balances at the conclusion of the 04/01/2026 to 04/01/2027 policy period.

This notice is strictly for informational purposes. It does not amend, extend, or alter the provisions of policy number LG695378.

References to classification, territory, and exposure basis include class code 91560 at Location 6 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 91560 at Location 6 with payroll of 560,644; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

EXPOSURE Area 563,528	LIMIT Each Occurrence: \$1,000,000
PREMIUM \$6,311	FORM CG 20 10 01 24

THIS AMENDATORY ENDORSEMENT MODIFIES THE CANCELLATION AND NONRENEWAL CONDITIONS TO COMPLY WITH THE STATUTORY REQUIREMENTS OF THE STATE OF VERMONT.

If Juniper Crown Casualty elects to cancel this contract for nonpayment of premium, a written notice will be mailed to the named insured at 19 Briar Harbor, Burlington, VT 05401, at least fifteen days prior to the effective date.

For cancellation reasons other than nonpayment, a forty-five day advance written notice is required. The notice will state the specific factual basis for the termination.

In the event of nonrenewal, we will provide written notice to Lumen Field Brokerage and the named insured no less than forty-five days before the expiration date of 04/01/2027.

Any provisions in the base contract that conflict with Vermont insurance statutes are hereby superseded by this state-specific amendatory document.

References to classification, territory, and exposure basis include class code 97047 at Location 1 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

JUNIPER CROWN CASUALTY ISSUES THIS CONTRACT TO JUNIPER GATE LEARNING CENTER, LLC. THIS SECTION OUTLINES THE FOUNDATIONAL ADMINISTRATIVE RULES GOVERNING POLICY NUMBER LG695378.

Premium calculations rely on the estimated exposures provided at inception. The initial charge is provisional and subject to retrospective adjustment once the actual exposure base is verified.

Inspections may be conducted at our discretion at any scheduled premises, including locations 1 through 4. These surveys are strictly for underwriting purposes and do not constitute a warranty of safety or compliance with regulations.

Transfer of your duties or rights under this contract requires our written consent. In the event of the named insured's death, rights transfer automatically to the legal representative handling the estate.

All modifications to the terms must be executed through an official endorsement issued by Lumen Field Brokerage or our authorized underwriting department.

References to classification, territory, and exposure basis include class code 10010 at Location 1 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

EXPOSURE Gross sales 107,692	LIMIT General Aggregate: \$2,000,000
PREMIUM \$5,546	FORM CG 20 10 04 13

THIS SECTION ESTABLISHES THE PROCEDURES FOR PROCESSING PREMIUM ADJUSTMENTS FOLLOWING THE COMPLETION OF THE ANNUAL EXPOSURE AUDIT.

Upon expiration of the 04/01/2026 to 04/01/2027 policy period, an auditor will verify the actual gross sales, cost of work, and payroll figures.

If the audited exposures exceed the initial estimates of 87,042 for location 1 or 127,051 for location 4, an additional premium invoice will be generated.

Conversely, if the verified exposures fall below the estimates, a return premium will be credited to your account, subject to the established minimum retained premium.

Audit invoices are due within thirty days of the billing date. Disputed audit findings must be submitted in writing with supporting documentation prior to the due date.

References to classification, territory, and exposure basis include class code 41670 at Location 2 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 41670 at Location 2 with gross sales of 107,692; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 16916 at Location 3 with cost of work of 115,531; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

EXPOSURE Gross sales 187,369	LIMIT Products-Completed Operations Aggregate: \$2,000,000
PREMIUM \$13,940	FORM CG 20 10 04 13

THIS AMENDATORY ENDORSEMENT MODIFIES THE CANCELLATION AND NONRENEWAL CONDITIONS TO COMPLY WITH THE STATUTORY REQUIREMENTS OF THE STATE OF VERMONT.

If Juniper Crown Casualty elects to cancel this contract for nonpayment of premium, a written notice will be mailed to the named insured at 19 Briar Harbor, Burlington, VT 05401, at least fifteen days prior to the effective date.

For cancellation reasons other than nonpayment, a forty-five day advance written notice is required. The notice will state the specific factual basis for the termination.

In the event of nonrenewal, we will provide written notice to Lumen Field Brokerage and the named insured no less than forty-five days before the expiration date of 04/01/2027.

Any provisions in the base contract that conflict with Vermont insurance statutes are hereby superseded by this state-specific amendatory document.

References to classification, territory, and exposure basis include class code 10010 at Location 3 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 10010 at Location 3 with gross sales of 187,369; that entry is used for rating and schedule reference purposes.

EXPOSURE Gross sales 200,180	LIMIT Personal and Advertising Injury: \$1,000,000
PREMIUM \$14,893	FORM CG 20 37 09 21

THIS SECTION ESTABLISHES THE PROCEDURES FOR PROCESSING PREMIUM ADJUSTMENTS FOLLOWING THE COMPLETION OF THE ANNUAL EXPOSURE AUDIT.

Upon expiration of the 04/01/2026 to 04/01/2027 policy period, an auditor will verify the actual gross sales, cost of work, and payroll figures.

If the audited exposures exceed the initial estimates of 87,042 for location 1 or 127,051 for location 4, an additional premium invoice will be generated.

Conversely, if the verified exposures fall below the estimates, a return premium will be credited to your account, subject to the established minimum retained premium.

Audit invoices are due within thirty days of the billing date. Disputed audit findings must be submitted in writing with supporting documentation prior to the due date.

References to classification, territory, and exposure basis include class code 41670 at Location 4 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 41670 at Location 4 with gross sales of 200,180; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

EXPOSURE Area 260,842	LIMIT General Aggregate: \$2,000,000
PREMIUM \$13,433	FORM CG 24 04 12 19

THE LIMITS DISPLAYED ON THE DECLARATIONS PAGE REPRESENT THE MAXIMUM FINANCIAL RESPONSIBILITY ASSUMED BY JUNIPER CROWN CASUALTY. THESE CAPS APPLY REGARDLESS OF THE NUMBER OF INSURED, CLAIMS FILED, OR PERSONS INJURED.

The General Aggregate limit of \$2,000,000 is the total cap for all covered events during the policy period, except those falling under the products-completed operations hazard.

The Products-Completed Operations Aggregate limit of \$2,000,000 functions independently. It caps the total responsibility for incidents arising from your completed work or distributed goods.

The Each Occurrence limit of \$1,000,000 restricts the payout for any single event. This per-event cap is subject to the remaining balance of the applicable aggregate limit.

The Personal and Advertising Injury limit of \$1,000,000 applies separately to offenses such as libel, slander, or copyright infringement. Payments under this provision reduce the General Aggregate limit.

References to classification, territory, and exposure basis include class code 61217 at Location 2 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 61217 at Location 2 with area of 260,842; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

PREMIUM \$6,536	FORM CG 00 01 09 21

THIS AMENDATORY ENDORSEMENT MODIFIES THE CANCELLATION AND NONRENEWAL CONDITIONS TO COMPLY WITH THE STATUTORY REQUIREMENTS OF THE STATE OF VERMONT.

If Juniper Crown Casualty elects to cancel this contract for nonpayment of premium, a written notice will be mailed to the named insured at 19 Briar Harbor, Burlington, VT 05401, at least fifteen days prior to the effective date.

For cancellation reasons other than nonpayment, a forty-five day advance written notice is required. The notice will state the specific factual basis for the termination.

In the event of nonrenewal, we will provide written notice to Lumen Field Brokerage and the named insured no less than forty-five days before the expiration date of 04/01/2027.

Any provisions in the base contract that conflict with Vermont insurance statutes are hereby superseded by this state-specific amendatory document.

References to classification, territory, and exposure basis include class code 18435 at Location 3 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 18435 at Location 3 with gross sales of 266,803; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

JUNIPER CROWN CASUALTY ISSUES THIS CONTRACT TO JUNIPER GATE LEARNING CENTER, LLC. THIS SECTION OUTLINES THE FOUNDATIONAL ADMINISTRATIVE RULES GOVERNING POLICY NUMBER LG695378.

Premium calculations rely on the estimated exposures provided at inception. The initial charge is provisional and subject to retrospective adjustment once the actual exposure base is verified.

Inspections may be conducted at our discretion at any scheduled premises, including locations 1 through 4. These surveys are strictly for underwriting purposes and do not constitute a warranty of safety or compliance with regulations.

Transfer of your duties or rights under this contract requires our written consent. In the event of the named insured's death, rights transfer automatically to the legal representative handling the estate.

All modifications to the terms must be executed through an official endorsement issued by Lumen Field Brokerage or our authorized underwriting department.

References to classification, territory, and exposure basis include class code 47103 at Location 4 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

EXPOSURE Gross sales 293,483	LIMIT Damage to Premises Rented to You: \$100,000
PREMIUM \$21,835	FORM CG 20 37 04 13

THE PREMIUM SHOWN IN THE DECLARATIONS FOR POLICY PERIOD 04/01/2026 TO 04/01/2027 IS AN ADVANCE ESTIMATE. FINAL PREMIUM DETERMINATION OCCURS AFTER THE EXPIRATION OF THE POLICY TERM THROUGH A FORMAL AUDIT PROCESS.

You must maintain detailed records of all operations, specifically tracking gross sales, payroll, and the cost of work. These figures form the exposure basis for your classification codes.

For class code 16916, Contractors - subcontracted work, the cost of work must include all materials and labor furnished by subcontractors. Certificates of insurance must be collected from all subcontractors to avoid additional premium charges.

For class code 91560, Concrete construction, payroll records must segregate overtime pay and severance to ensure accurate rate application. The rate of 0.744 applies to the adjusted payroll exposure.

We reserve the right to examine your financial ledgers for up to three years following the policy expiration date. Any resulting audit premium is due immediately upon receipt of the final billing statement.

References to classification, territory, and exposure basis include class code 10010 at Location 5 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 10010 at Location 5 with gross sales of 293,483; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

EXPOSURE Gross sales 312,398	LIMIT Medical Expense: \$5,000
PREMIUM \$3,498	FORM CG 21 06 12 19

THIS SECTION ESTABLISHES THE PROCEDURES FOR PROCESSING PREMIUM ADJUSTMENTS FOLLOWING THE COMPLETION OF THE ANNUAL EXPOSURE AUDIT.

Upon expiration of the 04/01/2026 to 04/01/2027 policy period, an auditor will verify the actual gross sales, cost of work, and payroll figures.

If the audited exposures exceed the initial estimates of 87,042 for location 1 or 127,051 for location 4, an additional premium invoice will be generated.

Conversely, if the verified exposures fall below the estimates, a return premium will be credited to your account, subject to the established minimum retained premium.

Audit invoices are due within thirty days of the billing date. Disputed audit findings must be submitted in writing with supporting documentation prior to the due date.

References to classification, territory, and exposure basis include class code 41670 at Location 6 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 41670 at Location 6 with gross sales of 312,398; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

Exposure Basis Definition Amendment

EXPOSURE BASIS DEFINITION AMENDMENT

JCC-AMD-EXP policy form

Policy No. LG695378

ITEM CGL-0020	CLASS / TERRITORY 91560 / 012
EXPOSURE Payroll 334,353	LIMIT General Aggregate: \$2,000,000
PREMIUM \$8,191	FORM CG 24 26 01 24

THIS DOCUMENT AMENDS THE DEFINITIONS OF THE EXPOSURE BASES UTILIZED FOR RATING THE CLASSIFICATIONS SCHEDULED ON THE DECLARATIONS PAGE.

Gross sales, applicable to class codes 10010 and 41670, is redefined to include all amounts charged for goods and services, excluding uncollected accounts and specific excise taxes.

Cost of work, utilized for class code 16916, now explicitly encompasses the total cost of all subcontracted operations, including the value of materials supplied by the named insured to the subcontractors.

Payroll, the exposure basis for class code 91560, is amended to cap the inclusion of executive officer remuneration at the maximum amount specified in the state rating manual.

These revised definitions apply to the calculation of both the estimated advance premium and the final audit premium for policy LG695378.

References to classification, territory, and exposure basis include class code 91560 at Location 2 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 91560 at Location 2 with payroll of 334,353; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

JUNIPER CROWN CASUALTY ISSUES THIS CONTRACT TO JUNIPER GATE LEARNING CENTER, LLC. THIS SECTION OUTLINES THE FOUNDATIONAL ADMINISTRATIVE RULES GOVERNING POLICY NUMBER LG695378.

Premium calculations rely on the estimated exposures provided at inception. The initial charge is provisional and subject to retrospective adjustment once the actual exposure base is verified.

Inspections may be conducted at our discretion at any scheduled premises, including locations 1 through 4. These surveys are strictly for underwriting purposes and do not constitute a warranty of safety or compliance with regulations.

Transfer of your duties or rights under this contract requires our written consent. In the event of the named insured's death, rights transfer automatically to the legal representative handling the estate.

All modifications to the terms must be executed through an official endorsement issued by Lumen Field Brokerage or our authorized underwriting department.

References to classification, territory, and exposure basis include class code 97047 at Location 3 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 97047 at Location 3 with area of 350,395; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

EXPOSURE Area 373,406	LIMIT Personal and Advertising Injury: \$1,000,000
PREMIUM \$27,781	FORM CG 00 01 01 24

THIS SECTION ESTABLISHES THE PROCEDURES FOR PROCESSING PREMIUM ADJUSTMENTS FOLLOWING THE COMPLETION OF THE ANNUAL EXPOSURE AUDIT.

Upon expiration of the 04/01/2026 to 04/01/2027 policy period, an auditor will verify the actual gross sales, cost of work, and payroll figures.

If the audited exposures exceed the initial estimates of 87,042 for location 1 or 127,051 for location 4, an additional premium invoice will be generated.

Conversely, if the verified exposures fall below the estimates, a return premium will be credited to your account, subject to the established minimum retained premium.

Audit invoices are due within thirty days of the billing date. Disputed audit findings must be submitted in writing with supporting documentation prior to the due date.

References to classification, territory, and exposure basis include class code 61217 at Location 4 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

EXPOSURE Gross sales 383,418	LIMIT Damage to Premises Rented to You: \$100,000
PREMIUM \$28,526	FORM CG 20 10 01 24

THIS BILLING SUMMARY DETAILS THE ADVANCE PREMIUM CHARGES FOR THE COMMERCIAL GENERAL LIABILITY COVERAGE PART ISSUED TO JUNIPER GATE LEARNING CENTER, LLC.

The premium for location 1, classified under Mercantile - food or beverage stores, is calculated at \$3,412 based on an estimated gross sales exposure of 87,042.

Location 2, operating as Restaurants - with sales of alcoholic beverages, generates an advance premium of \$5,546 derived from the 107,692 gross sales estimate.

Subcontracted work under class code 16916 at location 3 results in a premium of \$2,830, while the concrete construction operations at location 4 produce a premium of \$9,452.

The total advance premium is payable to Juniper Crown Casualty according to the installment schedule selected by Lumen Field Brokerage.

References to classification, territory, and exposure basis include class code 18435 at Location 5 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

EXPOSURE Payroll 397,991	LIMIT Medical Expense: \$5,000
PREMIUM \$7,323	FORM CG 20 37 12 19

THE LIMITS DISPLAYED ON THE DECLARATIONS PAGE REPRESENT THE MAXIMUM FINANCIAL RESPONSIBILITY ASSUMED BY JUNIPER CROWN CASUALTY. THESE CAPS APPLY REGARDLESS OF THE NUMBER OF INSUREDS, CLAIMS FILED, OR PERSONS INJURED.

The General Aggregate limit of \$2,000,000 is the total cap for all covered events during the policy period, except those falling under the products-completed operations hazard.

The Products-Completed Operations Aggregate limit of \$2,000,000 functions independently. It caps the total responsibility for incidents arising from your completed work or distributed goods.

The Each Occurrence limit of \$1,000,000 restricts the payout for any single event. This per-event cap is subject to the remaining balance of the applicable aggregate limit.

The Personal and Advertising Injury limit of \$1,000,000 applies separately to offenses such as libel, slander, or copyright infringement. Payments under this provision reduce the General Aggregate limit.

References to classification, territory, and exposure basis include class code 47103 at Location 6 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

EXPOSURE Area 457,845	LIMIT Damage to Premises Rented to You: \$100,000
PREMIUM \$17,947	FORM CG 00 01 09 21

THE LIMITS DISPLAYED ON THE DECLARATIONS PAGE REPRESENT THE MAXIMUM FINANCIAL RESPONSIBILITY ASSUMED BY JUNIPER CROWN CASUALTY. THESE CAPS APPLY REGARDLESS OF THE NUMBER OF INSUREDS, CLAIMS FILED, OR PERSONS INJURED.

The General Aggregate limit of \$2,000,000 is the total cap for all covered events during the policy period, except those falling under the products-completed operations hazard.

The Products-Completed Operations Aggregate limit of \$2,000,000 functions independently. It caps the total responsibility for incidents arising from your completed work or distributed goods.

The Each Occurrence limit of \$1,000,000 restricts the payout for any single event. This per-event cap is subject to the remaining balance of the applicable aggregate limit.

The Personal and Advertising Injury limit of \$1,000,000 applies separately to offenses such as libel, slander, or copyright infringement. Payments under this provision reduce the General Aggregate limit.

References to classification, territory, and exposure basis include class code 97047 at Location 5 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 97047 at Location 5 with area of 457,845; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

THIS DOCUMENT AMENDS THE DEFINITIONS OF THE EXPOSURE BASES UTILIZED FOR RATING THE CLASSIFICATIONS SCHEDULED ON THE DECLARATIONS PAGE.

Gross sales, applicable to class codes 10010 and 41670, is redefined to include all amounts charged for goods and services, excluding uncollected accounts and specific excise taxes.

Cost of work, utilized for class code 16916, now explicitly encompasses the total cost of all subcontracted operations, including the value of materials supplied by the named insured to the subcontractors.

Payroll, the exposure basis for class code 91560, is amended to cap the inclusion of executive officer remuneration at the maximum amount specified in the state rating manual.

These revised definitions apply to the calculation of both the estimated advance premium and the final audit premium for policy LG695378.

References to classification, territory, and exposure basis include class code 61217 at Location 6 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 61217 at Location 6 with area of 484,915; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

THE PREMIUM SHOWN IN THE DECLARATIONS FOR POLICY PERIOD 04/01/2026 TO 04/01/2027 IS AN ADVANCE ESTIMATE. FINAL PREMIUM DETERMINATION OCCURS AFTER THE EXPIRATION OF THE POLICY TERM THROUGH A FORMAL AUDIT PROCESS.

You must maintain detailed records of all operations, specifically tracking gross sales, payroll, and the cost of work. These figures form the exposure basis for your classification codes.

For class code 16916, Contractors - subcontracted work, the cost of work must include all materials and labor furnished by subcontractors. Certificates of insurance must be collected from all subcontractors to avoid additional premium charges.

For class code 91560, Concrete construction, payroll records must segregate overtime pay and severance to ensure accurate rate application. The rate of 0.744 applies to the adjusted payroll exposure.

We reserve the right to examine your financial ledgers for up to three years following the policy expiration date. Any resulting audit premium is due immediately upon receipt of the final billing statement.

References to classification, territory, and exposure basis include class code 47103 at Location 2 only when that operation appears in the declarations or rating schedule.

PREMIUM \$30,440	FORM CG 20 37 01 24

THIS SECTION ESTABLISHES THE PROCEDURES FOR PROCESSING PREMIUM ADJUSTMENTS FOLLOWING THE COMPLETION OF THE ANNUAL EXPOSURE AUDIT.

Upon expiration of the 04/01/2026 to 04/01/2027 policy period, an auditor will verify the actual gross sales, cost of work, and payroll figures.

If the audited exposures exceed the initial estimates of 87,042 for location 1 or 127,051 for location 4, an additional premium invoice will be generated.

Conversely, if the verified exposures fall below the estimates, a return premium will be credited to your account, subject to the established minimum retained premium.

Audit invoices are due within thirty days of the billing date. Disputed audit findings must be submitted in writing with supporting documentation prior to the due date.

References to classification, territory, and exposure basis include class code 61217 at Location 2 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 18435 at Location 3 with gross sales of 597,485; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

EXPOSURE Payroll 620,198	LIMIT Personal and Advertising Injury: \$1,000,000
PREMIUM \$15,194	FORM CG 21 67 01 24

THIS CONTRACT APPLIES SEPARATELY TO EACH ENTITY DESIGNATED AS AN INSURED. HOWEVER, THIS SEPARATION DOES NOT INCREASE THE EACH OCCURRENCE OR GENERAL AGGREGATE LIMITS ESTABLISHED FOR POLICY LG695378.

When multiple insureds are named in a single suit, our duty to provide a defense remains capped by the scheduled limits. We will coordinate a unified defense unless a direct conflict of interest is identified.

Employees and volunteer workers are considered insureds only while performing duties related to the business of Juniper Gate Learning Center, LLC.

A form listed for an exposure item may apply to only the scheduled operation, location, or completed-operations hazard shown in the declarations.

Any breach of conditions by one insured does not automatically void the protection for other insureds, provided the other insureds did not participate in or have prior knowledge of the breach.

References to classification, territory, and exposure basis include class code 47103 at Location 4 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 47103 at Location 4 with payroll of 620,198; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

EXPOSURE Gross sales 107,692	LIMIT General Aggregate: \$2,000,000
PREMIUM \$5,546	FORM CG 20 10 04 13

THIS SECTION ESTABLISHES THE PROCEDURES FOR PROCESSING PREMIUM ADJUSTMENTS FOLLOWING THE COMPLETION OF THE ANNUAL EXPOSURE AUDIT.

Upon expiration of the 04/01/2026 to 04/01/2027 policy period, an auditor will verify the actual gross sales, cost of work, and payroll figures.

If the audited exposures exceed the initial estimates of 87,042 for location 1 or 127,051 for location 4, an additional premium invoice will be generated.

Conversely, if the verified exposures fall below the estimates, a return premium will be credited to your account, subject to the established minimum retained premium.

Audit invoices are due within thirty days of the billing date. Disputed audit findings must be submitted in writing with supporting documentation prior to the due date.

References to classification, territory, and exposure basis include class code 41670 at Location 2 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

THE LIMITS DISPLAYED ON THE DECLARATIONS PAGE REPRESENT THE MAXIMUM FINANCIAL RESPONSIBILITY ASSUMED BY JUNIPER CROWN CASUALTY. THESE CAPS APPLY REGARDLESS OF THE NUMBER OF INSUREDS, CLAIMS FILED, OR PERSONS INJURED.

The General Aggregate limit of \$2,000,000 is the total cap for all covered events during the policy period, except those falling under the products-completed operations hazard.

The Products-Completed Operations Aggregate limit of \$2,000,000 functions independently. It caps the total responsibility for incidents arising from your completed work or distributed goods.

The Each Occurrence limit of \$1,000,000 restricts the payout for any single event. This per-event cap is subject to the remaining balance of the applicable aggregate limit.

The Personal and Advertising Injury limit of \$1,000,000 applies separately to offenses such as libel, slander, or copyright infringement. Payments under this provision reduce the General Aggregate limit.

References to classification, territory, and exposure basis include class code 91560 at Location 4 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

JUNIPER CROWN CASUALTY ISSUES THIS CONTRACT TO JUNIPER GATE LEARNING CENTER, LLC. THIS SECTION OUTLINES THE FOUNDATIONAL ADMINISTRATIVE RULES GOVERNING POLICY NUMBER LG695378.

Premium calculations rely on the estimated exposures provided at inception. The initial charge is provisional and subject to retrospective adjustment once the actual exposure base is verified.

Inspections may be conducted at our discretion at any scheduled premises, including locations 1 through 4. These surveys are strictly for underwriting purposes and do not constitute a warranty of safety or compliance with regulations.

Transfer of your duties or rights under this contract requires our written consent. In the event of the named insured's death, rights transfer automatically to the legal representative handling the estate.

All modifications to the terms must be executed through an official endorsement issued by Lumen Field Brokerage or our authorized underwriting department.

References to classification, territory, and exposure basis include class code 61217 at Location 6 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

THE PREMIUM SHOWN IN THE DECLARATIONS FOR POLICY PERIOD 04/01/2026 TO 04/01/2027 IS AN ADVANCE ESTIMATE. FINAL PREMIUM DETERMINATION OCCURS AFTER THE EXPIRATION OF THE POLICY TERM THROUGH A FORMAL AUDIT PROCESS.

You must maintain detailed records of all operations, specifically tracking gross sales, payroll, and the cost of work. These figures form the exposure basis for your classification codes.

For class code 16916, Contractors - subcontracted work, the cost of work must include all materials and labor furnished by subcontractors. Certificates of insurance must be collected from all subcontractors to avoid additional premium charges.

For class code 91560, Concrete construction, payroll records must segregate overtime pay and severance to ensure accurate rate application. The rate of 0.744 applies to the adjusted payroll exposure.

We reserve the right to examine your financial ledgers for up to three years following the policy expiration date. Any resulting audit premium is due immediately upon receipt of the final billing statement.

References to classification, territory, and exposure basis include class code 18435 at Location 1 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

CLASSIFICATION AND TERRITORY ENTRIES ARE USED FOR RATING AND DO NOT DETERMINE COVERAGE BY THEMSELVES. THE APPLICABLE COVERAGE PART, LIMIT, EXCLUSION, AND ENDORSEMENT MUST BE READ WITH THE DECLARATIONS.

Territory 003 and Territory 007 carry distinct base rates reflecting the regional risk profile. Operations conducted outside these designated territories must be reported to Juniper Crown Casualty within thirty days.

Class code 10010 for Mercantile - food or beverage stores applies specifically to location 1. The exposure basis of gross sales excludes collected sales tax and customer returns.

Class code 41670 for Restaurants - with sales of alcoholic beverages is assigned to location 2. The products-completed operations rate of 0.160 is applied separately from the premises operations rate.

Reclassification may occur if the nature of your business operations changes during the policy period. Notification to Lumen Field Brokerage is required to ensure accurate rating and continuous protection.

References to classification, territory, and exposure basis include class code 47103 at Location 2 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

EXPOSURE Gross sales 200,180	LIMIT Personal and Advertising Injury: \$1,000,000
PREMIUM \$14,893	FORM CG 20 37 09 21

THIS CONTRACT APPLIES SEPARATELY TO EACH ENTITY DESIGNATED AS AN INSURED. HOWEVER, THIS SEPARATION DOES NOT INCREASE THE EACH OCCURRENCE OR GENERAL AGGREGATE LIMITS ESTABLISHED FOR POLICY LG695378.

When multiple insureds are named in a single suit, our duty to provide a defense remains capped by the scheduled limits. We will coordinate a unified defense unless a direct conflict of interest is identified.

Employees and volunteer workers are considered insureds only while performing duties related to the business of Juniper Gate Learning Center, LLC.

A form listed for an exposure item may apply to only the scheduled operation, location, or completed-operations hazard shown in the declarations.

Any breach of conditions by one insured does not automatically void the protection for other insureds, provided the other insureds did not participate in or have prior knowledge of the breach.

References to classification, territory, and exposure basis include class code 41670 at Location 4 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 41670 at Location 4 with gross sales of 200,180; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

JUNIPER CROWN CASUALTY ISSUES THIS CONTRACT TO JUNIPER GATE LEARNING CENTER, LLC. THIS SECTION OUTLINES THE FOUNDATIONAL ADMINISTRATIVE RULES GOVERNING POLICY NUMBER LG695378.

Premium calculations rely on the estimated exposures provided at inception. The initial charge is provisional and subject to retrospective adjustment once the actual exposure base is verified.

Inspections may be conducted at our discretion at any scheduled premises, including locations 1 through 4. These surveys are strictly for underwriting purposes and do not constitute a warranty of safety or compliance with regulations.

Transfer of your duties or rights under this contract requires our written consent. In the event of the named insured's death, rights transfer automatically to the legal representative handling the estate.

All modifications to the terms must be executed through an official endorsement issued by Lumen Field Brokerage or our authorized underwriting department.

References to classification, territory, and exposure basis include class code 16916 at Location 5 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 16916 at Location 5 with cost of work of 222,062; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

THIS DOCUMENT AMENDS THE DEFINITIONS OF THE EXPOSURE BASES UTILIZED FOR RATING THE CLASSIFICATIONS SCHEDULED ON THE DECLARATIONS PAGE.

Gross sales, applicable to class codes 10010 and 41670, is redefined to include all amounts charged for goods and services, excluding uncollected accounts and specific excise taxes.

Cost of work, utilized for class code 16916, now explicitly encompasses the total cost of all subcontracted operations, including the value of materials supplied by the named insured to the subcontractors.

Payroll, the exposure basis for class code 91560, is amended to cap the inclusion of executive officer remuneration at the maximum amount specified in the state rating manual.

These revised definitions apply to the calculation of both the estimated advance premium and the final audit premium for policy LG695378.

References to classification, territory, and exposure basis include class code 91560 at Location 6 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 91560 at Location 6 with payroll of 235,736; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

PREMIUM \$21,835	FORM CG 20 37 04 13

THE PREMIUM SHOWN IN THE DECLARATIONS FOR POLICY PERIOD 04/01/2026 TO 04/01/2027 IS AN ADVANCE ESTIMATE. FINAL PREMIUM DETERMINATION OCCURS AFTER THE EXPIRATION OF THE POLICY TERM THROUGH A FORMAL AUDIT PROCESS.

You must maintain detailed records of all operations, specifically tracking gross sales, payroll, and the cost of work. These figures form the exposure basis for your classification codes.

For class code 16916, Contractors - subcontracted work, the cost of work must include all materials and labor furnished by subcontractors. Certificates of insurance must be collected from all subcontractors to avoid additional premium charges.

For class code 91560, Concrete construction, payroll records must segregate overtime pay and severance to ensure accurate rate application. The rate of 0.744 applies to the adjusted payroll exposure.

We reserve the right to examine your financial ledgers for up to three years following the policy expiration date. Any resulting audit premium is due immediately upon receipt of the final billing statement.

References to classification, territory, and exposure basis include class code 10010 at Location 5 only when that operation appears in the declarations or rating schedule.

PREMIUM \$16,497	FORM CG 21 67 01 24

THE LIMITS DISPLAYED ON THE DECLARATIONS PAGE REPRESENT THE MAXIMUM FINANCIAL RESPONSIBILITY ASSUMED BY JUNIPER CROWN CASUALTY. THESE CAPS APPLY REGARDLESS OF THE NUMBER OF INSURED, CLAIMS FILED, OR PERSONS INJURED.

The General Aggregate limit of \$2,000,000 is the total cap for all covered events during the policy period, except those falling under the products-completed operations hazard.

The Products-Completed Operations Aggregate limit of \$2,000,000 functions independently. It caps the total responsibility for incidents arising from your completed work or distributed goods.

The Each Occurrence limit of \$1,000,000 restricts the payout for any single event. This per-event cap is subject to the remaining balance of the applicable aggregate limit.

The Personal and Advertising Injury limit of \$1,000,000 applies separately to offenses such as libel, slander, or copyright infringement. Payments under this provision reduce the General Aggregate limit.

References to classification, territory, and exposure basis include class code 16916 at Location 1 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 91560 at Location 2 with payroll of 334,353; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

JUNIPER CROWN CASUALTY ISSUES THIS CONTRACT TO JUNIPER GATE LEARNING CENTER, LLC. THIS SECTION OUTLINES THE FOUNDATIONAL ADMINISTRATIVE RULES GOVERNING POLICY NUMBER LG695378.

Premium calculations rely on the estimated exposures provided at inception. The initial charge is provisional and subject to retrospective adjustment once the actual exposure base is verified.

Inspections may be conducted at our discretion at any scheduled premises, including locations 1 through 4. These surveys are strictly for underwriting purposes and do not constitute a warranty of safety or compliance with regulations.

Transfer of your duties or rights under this contract requires our written consent. In the event of the named insured's death, rights transfer automatically to the legal representative handling the estate.

All modifications to the terms must be executed through an official endorsement issued by Lumen Field Brokerage or our authorized underwriting department.

References to classification, territory, and exposure basis include class code 97047 at Location 3 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 97047 at Location 3 with area of 350,395; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

EXPOSURE Area 373,406	LIMIT Personal and Advertising Injury: \$1,000,000
PREMIUM \$27,781	FORM CG 00 01 01 24

THE PREMIUM SHOWN IN THE DECLARATIONS FOR POLICY PERIOD 04/01/2026 TO 04/01/2027 IS AN ADVANCE ESTIMATE. FINAL PREMIUM DETERMINATION OCCURS AFTER THE EXPIRATION OF THE POLICY TERM THROUGH A FORMAL AUDIT PROCESS.

You must maintain detailed records of all operations, specifically tracking gross sales, payroll, and the cost of work. These figures form the exposure basis for your classification codes.

For class code 16916, Contractors - subcontracted work, the cost of work must include all materials and labor furnished by subcontractors. Certificates of insurance must be collected from all subcontractors to avoid additional premium charges.

For class code 91560, Concrete construction, payroll records must segregate overtime pay and severance to ensure accurate rate application. The rate of 0.744 applies to the adjusted payroll exposure.

We reserve the right to examine your financial ledgers for up to three years following the policy expiration date. Any resulting audit premium is due immediately upon receipt of the final billing statement.

References to classification, territory, and exposure basis include class code 61217 at Location 4 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

CLASSIFICATION AND TERRITORY ENTRIES ARE USED FOR RATING AND DO NOT DETERMINE COVERAGE BY THEMSELVES. THE APPLICABLE COVERAGE PART, LIMIT, EXCLUSION, AND ENDORSEMENT MUST BE READ WITH THE DECLARATIONS.

Territory 003 and Territory 007 carry distinct base rates reflecting the regional risk profile. Operations conducted outside these designated territories must be reported to Juniper Crown Casualty within thirty days.

Class code 10010 for Mercantile - food or beverage stores applies specifically to location 1. The exposure basis of gross sales excludes collected sales tax and customer returns.

Class code 41670 for Restaurants - with sales of alcoholic beverages is assigned to location 2. The products-completed operations rate of 0.160 is applied separately from the premises operations rate.

Reclassification may occur if the nature of your business operations changes during the policy period. Notification to Lumen Field Brokerage is required to ensure accurate rating and continuous protection.

References to classification, territory, and exposure basis include class code 18435 at Location 5 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

EXPOSURE Payroll 397,991	LIMIT Medical Expense: \$5,000
PREMIUM \$7,323	FORM CG 20 37 12 19

THE LIMITS DISPLAYED ON THE DECLARATIONS PAGE REPRESENT THE MAXIMUM FINANCIAL RESPONSIBILITY ASSUMED BY JUNIPER CROWN CASUALTY. THESE CAPS APPLY REGARDLESS OF THE NUMBER OF INSURED, CLAIMS FILED, OR PERSONS INJURED.

The General Aggregate limit of \$2,000,000 is the total cap for all covered events during the policy period, except those falling under the products-completed operations hazard.

The Products-Completed Operations Aggregate limit of \$2,000,000 functions independently. It caps the total responsibility for incidents arising from your completed work or distributed goods.

The Each Occurrence limit of \$1,000,000 restricts the payout for any single event. This per-event cap is subject to the remaining balance of the applicable aggregate limit.

The Personal and Advertising Injury limit of \$1,000,000 applies separately to offenses such as libel, slander, or copyright infringement. Payments under this provision reduce the General Aggregate limit.

References to classification, territory, and exposure basis include class code 47103 at Location 6 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

EXPOSURE Gross sales 413,671	LIMIT General Aggregate: \$2,000,000
PREMIUM \$10,134	FORM CG 21 67 01 24

THIS SECTION ESTABLISHES THE PROCEDURES FOR PROCESSING PREMIUM ADJUSTMENTS FOLLOWING THE COMPLETION OF THE ANNUAL EXPOSURE AUDIT.

Upon expiration of the 04/01/2026 to 04/01/2027 policy period, an auditor will verify the actual gross sales, cost of work, and payroll figures.

If the audited exposures exceed the initial estimates of 87,042 for location 1 or 127,051 for location 4, an additional premium invoice will be generated.

Conversely, if the verified exposures fall below the estimates, a return premium will be credited to your account, subject to the established minimum retained premium.

Audit invoices are due within thirty days of the billing date. Disputed audit findings must be submitted in writing with supporting documentation prior to the due date.

References to classification, territory, and exposure basis include class code 41670 at Location 2 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 91560 at Location 4 with payroll of 450,422; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

THIS DOCUMENT SERVES AS FORMAL NOTIFICATION REGARDING THE MATERIALITY OF ENDORSEMENTS ATTACHED TO YOUR COMMERCIAL GENERAL LIABILITY POLICY.

Endorsement GL-EN-003, effective 03/20/2026, introduces a Material change to your risk profile by restricting certain data privacy exposures.

The Employment-Related Practices Exclusion is classified as Potentially Material. You are advised to review your internal human resources policies to mitigate associated risks.

Endorsement GL-EN-001, effective 01/20/2026, is designated as No Material Change. It clarifies existing provisions without altering the fundamental scope of the contract.

Please direct any questions regarding these materiality classifications to your representative at Lumen Field Brokerage.

References to classification, territory, and exposure basis include class code 97047 at Location 5 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

EXPOSURE Area 484,915	LIMIT Medical Expense: \$5,000
PREMIUM \$24,973	FORM CG 20 10 12 19

THIS CONTRACT APPLIES SEPARATELY TO EACH ENTITY DESIGNATED AS AN INSURED. HOWEVER, THIS SEPARATION DOES NOT INCREASE THE EACH OCCURRENCE OR GENERAL AGGREGATE LIMITS ESTABLISHED FOR POLICY LG695378.

When multiple insureds are named in a single suit, our duty to provide a defense remains capped by the scheduled limits. We will coordinate a unified defense unless a direct conflict of interest is identified.

Employees and volunteer workers are considered insureds only while performing duties related to the business of Juniper Gate Learning Center, LLC.

A form listed for an exposure item may apply to only the scheduled operation, location, or completed-operations hazard shown in the declarations.

Any breach of conditions by one insured does not automatically void the protection for other insureds, provided the other insureds did not participate in or have prior knowledge of the breach.

References to classification, territory, and exposure basis include class code 61217 at Location 6 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 61217 at Location 6 with area of 484,915; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

JUNIPER CROWN CASUALTY ISSUES THIS CONTRACT TO JUNIPER GATE LEARNING CENTER, LLC. THIS SECTION OUTLINES THE FOUNDATIONAL ADMINISTRATIVE RULES GOVERNING POLICY NUMBER LG695378.

Premium calculations rely on the estimated exposures provided at inception. The initial charge is provisional and subject to retrospective adjustment once the actual exposure base is verified.

Inspections may be conducted at our discretion at any scheduled premises, including locations 1 through 4. These surveys are strictly for underwriting purposes and do not constitute a warranty of safety or compliance with regulations.

Transfer of your duties or rights under this contract requires our written consent. In the event of the named insured's death, rights transfer automatically to the legal representative handling the estate.

All modifications to the terms must be executed through an official endorsement issued by Lumen Field Brokerage or our authorized underwriting department.

References to classification, territory, and exposure basis include class code 18435 at Location 1 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 18435 at Location 1 with gross sales of 491,101; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

THE PREMIUM SHOWN IN THE DECLARATIONS FOR POLICY PERIOD 04/01/2026 TO 04/01/2027 IS AN ADVANCE ESTIMATE. FINAL PREMIUM DETERMINATION OCCURS AFTER THE EXPIRATION OF THE POLICY TERM THROUGH A FORMAL AUDIT PROCESS.

You must maintain detailed records of all operations, specifically tracking gross sales, payroll, and the cost of work. These figures form the exposure basis for your classification codes.

For class code 16916, Contractors - subcontracted work, the cost of work must include all materials and labor furnished by subcontractors. Certificates of insurance must be collected from all subcontractors to avoid additional premium charges.

For class code 91560, Concrete construction, payroll records must segregate overtime pay and severance to ensure accurate rate application. The rate of 0.744 applies to the adjusted payroll exposure.

We reserve the right to examine your financial ledgers for up to three years following the policy expiration date. Any resulting audit premium is due immediately upon receipt of the final billing statement.

References to classification, territory, and exposure basis include class code 47103 at Location 2 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 47103 at Location 2 with payroll of 500,778; that entry is used for rating and schedule reference purposes.

EXPOSURE Gross sales 509,869	LIMIT Products-Completed Operations Aggregate: \$2,000,000
PREMIUM \$12,491	FORM CG 21 67 12 19

THIS BILLING SUMMARY DETAILS THE ADVANCE PREMIUM CHARGES FOR THE COMMERCIAL GENERAL LIABILITY COVERAGE PART ISSUED TO JUNIPER GATE LEARNING CENTER, LLC.

The premium for location 1, classified under Mercantile - food or beverage stores, is calculated at \$3,412 based on an estimated gross sales exposure of 87,042.

Location 2, operating as Restaurants - with sales of alcoholic beverages, generates an advance premium of \$5,546 derived from the 107,692 gross sales estimate.

Subcontracted work under class code 16916 at location 3 results in a premium of \$2,830, while the concrete construction operations at location 4 produce a premium of \$9,452.

The total advance premium is payable to Juniper Crown Casualty according to the installment schedule selected by Lumen Field Brokerage.

References to classification, territory, and exposure basis include class code 10010 at Location 3 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 10010 at Location 3 with gross sales of 509,869; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

EXPOSURE Gross sales 538,089	LIMIT Personal and Advertising Injury: \$1,000,000
PREMIUM \$13,183	FORM CG 24 26 09 21

THE LIMITS DISPLAYED ON THE DECLARATIONS PAGE REPRESENT THE MAXIMUM FINANCIAL RESPONSIBILITY ASSUMED BY JUNIPER CROWN CASUALTY. THESE CAPS APPLY REGARDLESS OF THE NUMBER OF INSUREDS, CLAIMS FILED, OR PERSONS INJURED.

The General Aggregate limit of \$2,000,000 is the total cap for all covered events during the policy period, except those falling under the products-completed operations hazard.

The Products-Completed Operations Aggregate limit of \$2,000,000 functions independently. It caps the total responsibility for incidents arising from your completed work or distributed goods.

The Each Occurrence limit of \$1,000,000 restricts the payout for any single event. This per-event cap is subject to the remaining balance of the applicable aggregate limit.

The Personal and Advertising Injury limit of \$1,000,000 applies separately to offenses such as libel, slander, or copyright infringement. Payments under this provision reduce the General Aggregate limit.

References to classification, territory, and exposure basis include class code 41670 at Location 4 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

EXPOSURE Gross sales 597,485	LIMIT Products-Completed Operations Aggregate: \$2,000,000
PREMIUM \$44,452	FORM CG 21 06 09 21

THE LIMITS DISPLAYED ON THE DECLARATIONS PAGE REPRESENT THE MAXIMUM FINANCIAL RESPONSIBILITY ASSUMED BY JUNIPER CROWN CASUALTY. THESE CAPS APPLY REGARDLESS OF THE NUMBER OF INSUREDS, CLAIMS FILED, OR PERSONS INJURED.

The General Aggregate limit of \$2,000,000 is the total cap for all covered events during the policy period, except those falling under the products-completed operations hazard.

The Products-Completed Operations Aggregate limit of \$2,000,000 functions independently. It caps the total responsibility for incidents arising from your completed work or distributed goods.

The Each Occurrence limit of \$1,000,000 restricts the payout for any single event. This per-event cap is subject to the remaining balance of the applicable aggregate limit.

The Personal and Advertising Injury limit of \$1,000,000 applies separately to offenses such as libel, slander, or copyright infringement. Payments under this provision reduce the General Aggregate limit.

References to classification, territory, and exposure basis include class code 18435 at Location 3 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 18435 at Location 3 with gross sales of 597,485; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

EXPOSURE Payroll 620,198	LIMIT Personal and Advertising Injury: \$1,000,000
PREMIUM \$15,194	FORM CG 21 67 01 24

THIS CONTRACT APPLIES SEPARATELY TO EACH ENTITY DESIGNATED AS AN INSURED. HOWEVER, THIS SEPARATION DOES NOT INCREASE THE EACH OCCURRENCE OR GENERAL AGGREGATE LIMITS ESTABLISHED FOR POLICY LG695378.

When multiple insureds are named in a single suit, our duty to provide a defense remains capped by the scheduled limits. We will coordinate a unified defense unless a direct conflict of interest is identified.

Employees and volunteer workers are considered insureds only while performing duties related to the business of Juniper Gate Learning Center, LLC.

A form listed for an exposure item may apply to only the scheduled operation, location, or completed-operations hazard shown in the declarations.

Any breach of conditions by one insured does not automatically void the protection for other insureds, provided the other insureds did not participate in or have prior knowledge of the breach.

References to classification, territory, and exposure basis include class code 47103 at Location 4 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 47103 at Location 4 with payroll of 620,198; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

JUNIPER CROWN CASUALTY ISSUES THIS CONTRACT TO JUNIPER GATE LEARNING CENTER, LLC. THIS SECTION OUTLINES THE FOUNDATIONAL ADMINISTRATIVE RULES GOVERNING POLICY NUMBER LG695378.

Premium calculations rely on the estimated exposures provided at inception. The initial charge is provisional and subject to retrospective adjustment once the actual exposure base is verified.

Inspections may be conducted at our discretion at any scheduled premises, including locations 1 through 4. These surveys are strictly for underwriting purposes and do not constitute a warranty of safety or compliance with regulations.

Transfer of your duties or rights under this contract requires our written consent. In the event of the named insured's death, rights transfer automatically to the legal representative handling the estate.

All modifications to the terms must be executed through an official endorsement issued by Lumen Field Brokerage or our authorized underwriting department.

References to classification, territory, and exposure basis include class code 10010 at Location 1 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

EXPOSURE Gross sales 107,692	LIMIT General Aggregate: \$2,000,000
PREMIUM \$5,546	FORM CG 20 10 04 13

THIS SECTION ESTABLISHES THE PROCEDURES FOR PROCESSING PREMIUM ADJUSTMENTS FOLLOWING THE COMPLETION OF THE ANNUAL EXPOSURE AUDIT.

Upon expiration of the 04/01/2026 to 04/01/2027 policy period, an auditor will verify the actual gross sales, cost of work, and payroll figures.

If the audited exposures exceed the initial estimates of 87,042 for location 1 or 127,051 for location 4, an additional premium invoice will be generated.

Conversely, if the verified exposures fall below the estimates, a return premium will be credited to your account, subject to the established minimum retained premium.

Audit invoices are due within thirty days of the billing date. Disputed audit findings must be submitted in writing with supporting documentation prior to the due date.

References to classification, territory, and exposure basis include class code 41670 at Location 2 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

THE PREMIUM SHOWN IN THE DECLARATIONS FOR POLICY PERIOD 04/01/2026 TO 04/01/2027 IS AN ADVANCE ESTIMATE. FINAL PREMIUM DETERMINATION OCCURS AFTER THE EXPIRATION OF THE POLICY TERM THROUGH A FORMAL AUDIT PROCESS.

You must maintain detailed records of all operations, specifically tracking gross sales, payroll, and the cost of work. These figures form the exposure basis for your classification codes.

For class code 16916, Contractors - subcontracted work, the cost of work must include all materials and labor furnished by subcontractors. Certificates of insurance must be collected from all subcontractors to avoid additional premium charges.

For class code 91560, Concrete construction, payroll records must segregate overtime pay and severance to ensure accurate rate application. The rate of 0.744 applies to the adjusted payroll exposure.

We reserve the right to examine your financial ledgers for up to three years following the policy expiration date. Any resulting audit premium is due immediately upon receipt of the final billing statement.

CLASSIFICATION AND TERRITORY ENTRIES ARE USED FOR RATING AND DO NOT DETERMINE COVERAGE BY THEMSELVES. THE APPLICABLE COVERAGE PART, LIMIT, EXCLUSION, AND ENDORSEMENT MUST BE READ WITH THE DECLARATIONS.

Territory 003 and Territory 007 carry distinct base rates reflecting the regional risk profile. Operations conducted outside these designated territories must be reported to Juniper Crown Casualty within thirty days.

Class code 10010 for Mercantile - food or beverage stores applies specifically to location 1. The exposure basis of gross sales excludes collected sales tax and customer returns.

Class code 41670 for Restaurants - with sales of alcoholic beverages is assigned to location 2. The products-completed operations rate of 0.160 is applied separately from the premises operations rate.

Reclassification may occur if the nature of your business operations changes during the policy period. Notification to Lumen Field Brokerage is required to ensure accurate rating and continuous protection.

References to classification, territory, and exposure basis include class code 47103 at Location 2 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 10010 at Location 3 with gross sales of 187,369; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

EXPOSURE Gross sales 200,180	LIMIT Personal and Advertising Injury: \$1,000,000
PREMIUM \$14,893	FORM CG 20 37 09 21

THIS CONTRACT APPLIES SEPARATELY TO EACH ENTITY DESIGNATED AS AN INSURED. HOWEVER, THIS SEPARATION DOES NOT INCREASE THE EACH OCCURRENCE OR GENERAL AGGREGATE LIMITS ESTABLISHED FOR POLICY LG695378.

When multiple insureds are named in a single suit, our duty to provide a defense remains capped by the scheduled limits. We will coordinate a unified defense unless a direct conflict of interest is identified.

Employees and volunteer workers are considered insureds only while performing duties related to the business of Juniper Gate Learning Center, LLC.

A form listed for an exposure item may apply to only the scheduled operation, location, or completed-operations hazard shown in the declarations.

Any breach of conditions by one insured does not automatically void the protection for other insureds, provided the other insureds did not participate in or have prior knowledge of the breach.

References to classification, territory, and exposure basis include class code 41670 at Location 4 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 41670 at Location 4 with gross sales of 200,180; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

JUNIPER CROWN CASUALTY IS COMMITTED TO TRANSPARENCY REGARDING THE CALCULATION OF YOUR COMMERCIAL PREMIUMS. THIS NOTICE OUTLINES THE FACTORS INFLUENCING YOUR RATES.

Your final premium is heavily dependent on the accurate reporting of exposure bases, including the 87,042 gross sales at location 1 and the 127,051 payroll at location 4.

The products-completed operations rate varies by classification. For instance, class code 16916 carries a rate of 0.076, while class code 41670 utilizes a rate of 0.160.

Failure to provide accurate exposure estimates may result in substantial audit balances at the conclusion of the 04/01/2026 to 04/01/2027 policy period.

This notice is strictly for informational purposes. It does not amend, extend, or alter the provisions of policy number LG695378.

References to classification, territory, and exposure basis include class code 91560 at Location 6 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

THE LIMITS DISPLAYED ON THE DECLARATIONS PAGE REPRESENT THE MAXIMUM FINANCIAL RESPONSIBILITY ASSUMED BY JUNIPER CROWN CASUALTY. THESE CAPS APPLY REGARDLESS OF THE NUMBER OF INSUREDS, CLAIMS FILED, OR PERSONS INJURED.

The General Aggregate limit of \$2,000,000 is the total cap for all covered events during the policy period, except those falling under the products-completed operations hazard.

The Products-Completed Operations Aggregate limit of \$2,000,000 functions independently. It caps the total responsibility for incidents arising from your completed work or distributed goods.

The Each Occurrence limit of \$1,000,000 restricts the payout for any single event. This per-event cap is subject to the remaining balance of the applicable aggregate limit.

The Personal and Advertising Injury limit of \$1,000,000 applies separately to offenses such as libel, slander, or copyright infringement. Payments under this provision reduce the General Aggregate limit.

References to classification, territory, and exposure basis include class code 61217 at Location 2 only when that operation appears in the declarations or rating schedule.

EXPOSURE Payroll 293,865	LIMIT Personal and Advertising Injury: \$1,000,000
PREMIUM \$7,199	FORM CG 20 10 12 19

THIS SECTION ESTABLISHES THE PROCEDURES FOR PROCESSING PREMIUM ADJUSTMENTS FOLLOWING THE COMPLETION OF THE ANNUAL EXPOSURE AUDIT.

Upon expiration of the 04/01/2026 to 04/01/2027 policy period, an auditor will verify the actual gross sales, cost of work, and payroll figures.

If the audited exposures exceed the initial estimates of 87,042 for location 1 or 127,051 for location 4, an additional premium invoice will be generated.

Conversely, if the verified exposures fall below the estimates, a return premium will be credited to your account, subject to the established minimum retained premium.

Audit invoices are due within thirty days of the billing date. Disputed audit findings must be submitted in writing with supporting documentation prior to the due date.

References to classification, territory, and exposure basis include class code 47103 at Location 4 only when that operation appears in the declarations or rating schedule.

THE PREMIUM SHOWN IN THE DECLARATIONS FOR POLICY PERIOD 04/01/2026 TO 04/01/2027 IS AN ADVANCE ESTIMATE. FINAL PREMIUM DETERMINATION OCCURS AFTER THE EXPIRATION OF THE POLICY TERM THROUGH A FORMAL AUDIT PROCESS.

You must maintain detailed records of all operations, specifically tracking gross sales, payroll, and the cost of work. These figures form the exposure basis for your classification codes.

For class code 16916, Contractors - subcontracted work, the cost of work must include all materials and labor furnished by subcontractors. Certificates of insurance must be collected from all subcontractors to avoid additional premium charges.

For class code 91560, Concrete construction, payroll records must segregate overtime pay and severance to ensure accurate rate application. The rate of 0.744 applies to the adjusted payroll exposure.

We reserve the right to examine your financial ledgers for up to three years following the policy expiration date. Any resulting audit premium is due immediately upon receipt of the final billing statement.

EXPOSURE Payroll 334,353	LIMIT General Aggregate: \$2,000,000
PREMIUM \$8,191	FORM CG 24 26 01 24

THIS SECTION ESTABLISHES THE PROCEDURES FOR PROCESSING PREMIUM ADJUSTMENTS FOLLOWING THE COMPLETION OF THE ANNUAL EXPOSURE AUDIT.

Upon expiration of the 04/01/2026 to 04/01/2027 policy period, an auditor will verify the actual gross sales, cost of work, and payroll figures.

If the audited exposures exceed the initial estimates of 87,042 for location 1 or 127,051 for location 4, an additional premium invoice will be generated.

Conversely, if the verified exposures fall below the estimates, a return premium will be credited to your account, subject to the established minimum retained premium.

Audit invoices are due within thirty days of the billing date. Disputed audit findings must be submitted in writing with supporting documentation prior to the due date.

References to classification, territory, and exposure basis include class code 91560 at Location 2 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 91560 at Location 2 with payroll of 334,353; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

JUNIPER CROWN CASUALTY ISSUES THIS CONTRACT TO JUNIPER GATE LEARNING CENTER, LLC. THIS SECTION OUTLINES THE FOUNDATIONAL ADMINISTRATIVE RULES GOVERNING POLICY NUMBER LG695378.

Premium calculations rely on the estimated exposures provided at inception. The initial charge is provisional and subject to retrospective adjustment once the actual exposure base is verified.

Inspections may be conducted at our discretion at any scheduled premises, including locations 1 through 4. These surveys are strictly for underwriting purposes and do not constitute a warranty of safety or compliance with regulations.

Transfer of your duties or rights under this contract requires our written consent. In the event of the named insured's death, rights transfer automatically to the legal representative handling the estate.

All modifications to the terms must be executed through an official endorsement issued by Lumen Field Brokerage or our authorized underwriting department.

References to classification, territory, and exposure basis include class code 97047 at Location 3 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 97047 at Location 3 with area of 350,395; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

JUNIPER CROWN CASUALTY IS COMMITTED TO TRANSPARENCY REGARDING THE CALCULATION OF YOUR COMMERCIAL PREMIUMS. THIS NOTICE OUTLINES THE FACTORS INFLUENCING YOUR RATES.

Your final premium is heavily dependent on the accurate reporting of exposure bases, including the 87,042 gross sales at location 1 and the 127,051 payroll at location 4.

The products-completed operations rate varies by classification. For instance, class code 16916 carries a rate of 0.076, while class code 41670 utilizes a rate of 0.160.

Failure to provide accurate exposure estimates may result in substantial audit balances at the conclusion of the 04/01/2026 to 04/01/2027 policy period.

This notice is strictly for informational purposes. It does not amend, extend, or alter the provisions of policy number LG695378.

References to classification, territory, and exposure basis include class code 61217 at Location 4 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 61217 at Location 4 with area of 373,406; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

EXPOSURE Gross sales 383,418	LIMIT Damage to Premises Rented to You: \$100,000
PREMIUM \$28,526	FORM CG 20 10 01 24

THIS AMENDATORY ENDORSEMENT MODIFIES THE CANCELLATION AND NONRENEWAL CONDITIONS TO COMPLY WITH THE STATUTORY REQUIREMENTS OF THE STATE OF VERMONT.

If Juniper Crown Casualty elects to cancel this contract for nonpayment of premium, a written notice will be mailed to the named insured at 19 Briar Harbor, Burlington, VT 05401, at least fifteen days prior to the effective date.

For cancellation reasons other than nonpayment, a forty-five day advance written notice is required. The notice will state the specific factual basis for the termination.

In the event of nonrenewal, we will provide written notice to Lumen Field Brokerage and the named insured no less than forty-five days before the expiration date of 04/01/2027.

Any provisions in the base contract that conflict with Vermont insurance statutes are hereby superseded by this state-specific amendatory document.

References to classification, territory, and exposure basis include class code 18435 at Location 5 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 18435 at Location 5 with gross sales of 383,418; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

The restriction extends to any claims brought by the spouse, child, parent, or sibling of the affected employee as a consequence of the employment-related practice.

References to classification, territory, and exposure basis include class code 16916 at Location 5 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 16916 at Location 5 with cost of work of 222,062; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

THIS ENDORSEMENT MODIFIES THE COVERAGE PARAMETERS FOR OPERATIONS CONDUCTED AT LOCATION 2 AND ALL OTHER SCHEDULED PREMISES.

The contract does not apply to any liability arising directly or indirectly from the inhalation of, ingestion of, or prolonged exposure to silica or silica-related dust.

Additionally, we will not provide a defense or indemnify any insured for costs associated with the abatement, mitigation, or removal of silica from any structure or environment.

This restriction is absolute and applies whether the exposure occurred during ongoing operations or falls within the products-completed operations hazard.

The General Aggregate limit of \$2,000,000 cannot be accessed for any judgments or settlements stemming from silica-related litigation.

References to classification, territory, and exposure basis include class code 47103 at Location 4 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

THIS ENDORSEMENT ATTACHES TO POLICY LG695378 AND REMOVES PROTECTION FOR LIABILITIES ARISING OUT OF SPECIFIC EMPLOYMENT-RELATED ACTIONS.

No coverage is available for claims alleging wrongful refusal to employ a person, improper termination of employment, or hostile work environment.

Furthermore, allegations of coercion, demotion, reassignment, discipline, defamation, or harassment directed at an employee are strictly excluded.

This exclusion applies whether the insured may be held liable as an employer or in any other capacity, and regardless of whether the offense is alleged to have occurred before, during, or after the employment relationship.

The restriction extends to any claims brought by the spouse, child, parent, or sibling of the affected employee as a consequence of the employment-related practice.

References to classification, territory, and exposure basis include class code 41670 at Location 6 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

The contract does not apply to any liability arising directly or indirectly from the inhalation of, ingestion of, or prolonged exposure to silica or silica-related dust.

Additionally, we will not provide a defense or indemnify any insured for costs associated with the abatement, mitigation, or removal of silica from any structure or environment.

This restriction is absolute and applies whether the exposure occurred during ongoing operations or falls within the products-completed operations hazard.

The General Aggregate limit of \$2,000,000 cannot be accessed for any judgments or settlements stemming from silica-related litigation.

References to classification, territory, and exposure basis include class code 61217 at Location 6 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 61217 at Location 6 with area of 484,915; that entry is used for rating and schedule reference purposes.

THIS ENDORSEMENT ATTACHES TO POLICY LG695378 AND REMOVES PROTECTION FOR LIABILITIES ARISING OUT OF SPECIFIC EMPLOYMENT-RELATED ACTIONS.

No coverage is available for claims alleging wrongful refusal to employ a person, improper termination of employment, or hostile work environment.

Furthermore, allegations of coercion, demotion, reassignment, discipline, defamation, or harassment directed at an employee are strictly excluded.

This exclusion applies whether the insured may be held liable as an employer or in any other capacity, and regardless of whether the offense is alleged to have occurred before, during, or after the employment relationship.

The restriction extends to any claims brought by the spouse, child, parent, or sibling of the affected employee as a consequence of the employment-related practice.

References to classification, territory, and exposure basis include class code 18435 at Location 1 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

PREMIUM \$7,323	FORM CG 20 37 12 19

THE LIMITS DISPLAYED ON THE DECLARATIONS PAGE REPRESENT THE MAXIMUM FINANCIAL RESPONSIBILITY ASSUMED BY JUNIPER CROWN CASUALTY. THESE CAPS APPLY REGARDLESS OF THE NUMBER OF INSUREDS, CLAIMS FILED, OR PERSONS INJURED.

The General Aggregate limit of \$2,000,000 is the total cap for all covered events during the policy period, except those falling under the products-completed operations hazard.

The Products-Completed Operations Aggregate limit of \$2,000,000 functions independently. It caps the total responsibility for incidents arising from your completed work or distributed goods.

The Each Occurrence limit of \$1,000,000 restricts the payout for any single event. This per-event cap is subject to the remaining balance of the applicable aggregate limit.

The Personal and Advertising Injury limit of \$1,000,000 applies separately to offenses such as libel, slander, or copyright infringement. Payments under this provision reduce the General Aggregate limit.

References to classification, territory, and exposure basis include class code 47103 at Location 6 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

THIS CONTRACT APPLIES SEPARATELY TO EACH ENTITY DESIGNATED AS AN INSURED. HOWEVER, THIS SEPARATION DOES NOT INCREASE THE EACH OCCURRENCE OR GENERAL AGGREGATE LIMITS ESTABLISHED FOR POLICY LG695378.

When multiple insureds are named in a single suit, our duty to provide a defense remains capped by the scheduled limits. We will coordinate a unified defense unless a direct conflict of interest is identified.

Employees and volunteer workers are considered insureds only while performing duties related to the business of Juniper Gate Learning Center, LLC.

A form listed for an exposure item may apply to only the scheduled operation, location, or completed-operations hazard shown in the declarations.

Any breach of conditions by one insured does not automatically void the protection for other insureds, provided the other insureds did not participate in or have prior knowledge of the breach.

References to classification, territory, and exposure basis include class code 10010 at Location 1 only when that operation appears in the declarations or rating schedule.

JUNIPER CROWN CASUALTY IS COMMITTED TO TRANSPARENCY REGARDING THE CALCULATION OF YOUR COMMERCIAL PREMIUMS. THIS NOTICE OUTLINES THE FACTORS INFLUENCING YOUR RATES.

Your final premium is heavily dependent on the accurate reporting of exposure bases, including the 87,042 gross sales at location 1 and the 127,051 payroll at location 4.

The products-completed operations rate varies by classification. For instance, class code 16916 carries a rate of 0.076, while class code 41670 utilizes a rate of 0.160.

Failure to provide accurate exposure estimates may result in substantial audit balances at the conclusion of the 04/01/2026 to 04/01/2027 policy period.

This notice is strictly for informational purposes. It does not amend, extend, or alter the provisions of policy number LG695378.

References to classification, territory, and exposure basis include class code 41670 at Location 2 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

EXPOSURE Cost of work 431,806	LIMIT Products-Completed Operations Aggregate: \$2,000,000
PREMIUM \$22,238	FORM CG 24 26 04 13

THE PREMIUM SHOWN IN THE DECLARATIONS FOR POLICY PERIOD 04/01/2026 TO 04/01/2027 IS AN ADVANCE ESTIMATE. FINAL PREMIUM DETERMINATION OCCURS AFTER THE EXPIRATION OF THE POLICY TERM THROUGH A FORMAL AUDIT PROCESS.

You must maintain detailed records of all operations, specifically tracking gross sales, payroll, and the cost of work. These figures form the exposure basis for your classification codes.

For class code 16916, Contractors - subcontracted work, the cost of work must include all materials and labor furnished by subcontractors. Certificates of insurance must be collected from all subcontractors to avoid additional premium charges.

For class code 91560, Concrete construction, payroll records must segregate overtime pay and severance to ensure accurate rate application. The rate of 0.744 applies to the adjusted payroll exposure.

We reserve the right to examine your financial ledgers for up to three years following the policy expiration date. Any resulting audit premium is due immediately upon receipt of the final billing statement.

References to classification, territory, and exposure basis include class code 16916 at Location 3 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 16916 at Location 3 with cost of work of 431,806; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

PREMIUM \$17,656	FORM CG 24 04 01 24

CLASSIFICATION AND TERRITORY ENTRIES ARE USED FOR RATING AND DO NOT DETERMINE COVERAGE BY THEMSELVES. THE APPLICABLE COVERAGE PART, LIMIT, EXCLUSION, AND ENDORSEMENT MUST BE READ WITH THE DECLARATIONS.

Territory 003 and Territory 007 carry distinct base rates reflecting the regional risk profile. Operations conducted outside these designated territories must be reported to Juniper Crown Casualty within thirty days.

Class code 10010 for Mercantile - food or beverage stores applies specifically to location 1. The exposure basis of gross sales excludes collected sales tax and customer returns.

Class code 41670 for Restaurants - with sales of alcoholic beverages is assigned to location 2. The products-completed operations rate of 0.160 is applied separately from the premises operations rate.

Reclassification may occur if the nature of your business operations changes during the policy period. Notification to Lumen Field Brokerage is required to ensure accurate rating and continuous protection.

References to classification, territory, and exposure basis include class code 91560 at Location 4 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 91560 at Location 4 with payroll of 450,422; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

PREMIUM \$17,947	FORM CG 00 01 09 21

THE LIMITS DISPLAYED ON THE DECLARATIONS PAGE REPRESENT THE MAXIMUM FINANCIAL RESPONSIBILITY ASSUMED BY JUNIPER CROWN CASUALTY. THESE CAPS APPLY REGARDLESS OF THE NUMBER OF INSUREDS, CLAIMS FILED, OR PERSONS INJURED.

The General Aggregate limit of \$2,000,000 is the total cap for all covered events during the policy period, except those falling under the products-completed operations hazard.

The Products-Completed Operations Aggregate limit of \$2,000,000 functions independently. It caps the total responsibility for incidents arising from your completed work or distributed goods.

The Each Occurrence limit of \$1,000,000 restricts the payout for any single event. This per-event cap is subject to the remaining balance of the applicable aggregate limit.

The Personal and Advertising Injury limit of \$1,000,000 applies separately to offenses such as libel, slander, or copyright infringement. Payments under this provision reduce the General Aggregate limit.

References to classification, territory, and exposure basis include class code 97047 at Location 5 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

EXPOSURE Area 484,915	LIMIT Medical Expense: \$5,000
PREMIUM \$24,973	FORM CG 20 10 12 19

THIS CONTRACT APPLIES SEPARATELY TO EACH ENTITY DESIGNATED AS AN INSURED. HOWEVER, THIS SEPARATION DOES NOT INCREASE THE EACH OCCURRENCE OR GENERAL AGGREGATE LIMITS ESTABLISHED FOR POLICY LG695378.

When multiple insureds are named in a single suit, our duty to provide a defense remains capped by the scheduled limits. We will coordinate a unified defense unless a direct conflict of interest is identified.

Employees and volunteer workers are considered insureds only while performing duties related to the business of Juniper Gate Learning Center, LLC.

A form listed for an exposure item may apply to only the scheduled operation, location, or completed-operations hazard shown in the declarations.

Any breach of conditions by one insured does not automatically void the protection for other insureds, provided the other insureds did not participate in or have prior knowledge of the breach.

References to classification, territory, and exposure basis include class code 61217 at Location 6 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 61217 at Location 6 with area of 484,915; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

JUNIPER CROWN CASUALTY ISSUES THIS CONTRACT TO JUNIPER GATE LEARNING CENTER, LLC. THIS SECTION OUTLINES THE FOUNDATIONAL ADMINISTRATIVE RULES GOVERNING POLICY NUMBER LG695378.

Premium calculations rely on the estimated exposures provided at inception. The initial charge is provisional and subject to retrospective adjustment once the actual exposure base is verified.

Inspections may be conducted at our discretion at any scheduled premises, including locations 1 through 4. These surveys are strictly for underwriting purposes and do not constitute a warranty of safety or compliance with regulations.

Transfer of your duties or rights under this contract requires our written consent. In the event of the named insured's death, rights transfer automatically to the legal representative handling the estate.

All modifications to the terms must be executed through an official endorsement issued by Lumen Field Brokerage or our authorized underwriting department.

References to classification, territory, and exposure basis include class code 18435 at Location 1 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 18435 at Location 1 with gross sales of 491,101; that entry is used for rating and schedule reference purposes.

EXPOSURE Gross sales 509,869	LIMIT Products-Completed Operations Aggregate: \$2,000,000
PREMIUM \$12,491	FORM CG 21 67 12 19

THIS AMENDATORY ENDORSEMENT MODIFIES THE CANCELLATION AND NONRENEWAL CONDITIONS TO COMPLY WITH THE STATUTORY REQUIREMENTS OF THE STATE OF VERMONT.

If Juniper Crown Casualty elects to cancel this contract for nonpayment of premium, a written notice will be mailed to the named insured at 19 Briar Harbor, Burlington, VT 05401, at least fifteen days prior to the effective date.

For cancellation reasons other than nonpayment, a forty-five day advance written notice is required. The notice will state the specific factual basis for the termination.

In the event of nonrenewal, we will provide written notice to Lumen Field Brokerage and the named insured no less than forty-five days before the expiration date of 04/01/2027.

Any provisions in the base contract that conflict with Vermont insurance statutes are hereby superseded by this state-specific amendatory document.

References to classification, territory, and exposure basis include class code 10010 at Location 3 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

EXPOSURE Gross sales 538,089	LIMIT Personal and Advertising Injury: \$1,000,000
PREMIUM \$13,183	FORM CG 24 26 09 21

THIS SECTION ESTABLISHES THE PROCEDURES FOR PROCESSING PREMIUM ADJUSTMENTS FOLLOWING THE COMPLETION OF THE ANNUAL EXPOSURE AUDIT.

Upon expiration of the 04/01/2026 to 04/01/2027 policy period, an auditor will verify the actual gross sales, cost of work, and payroll figures.

If the audited exposures exceed the initial estimates of 87,042 for location 1 or 127,051 for location 4, an additional premium invoice will be generated.

Conversely, if the verified exposures fall below the estimates, a return premium will be credited to your account, subject to the established minimum retained premium.

Audit invoices are due within thirty days of the billing date. Disputed audit findings must be submitted in writing with supporting documentation prior to the due date.

References to classification, territory, and exposure basis include class code 41670 at Location 4 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 41670 at Location 4 with gross sales of 538,089; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

References to classification, territory, and exposure basis include class code 97047 at Location 1 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 97047 at Location 1 with area of 563,528; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

EXPOSURE Area 591,086	LIMIT General Aggregate: \$2,000,000
PREMIUM \$30,440	FORM CG 20 37 01 24

THIS SECTION ESTABLISHES THE PROCEDURES FOR PROCESSING PREMIUM ADJUSTMENTS FOLLOWING THE COMPLETION OF THE ANNUAL EXPOSURE AUDIT.

Upon expiration of the 04/01/2026 to 04/01/2027 policy period, an auditor will verify the actual gross sales, cost of work, and payroll figures.

If the audited exposures exceed the initial estimates of 87,042 for location 1 or 127,051 for location 4, an additional premium invoice will be generated.

Conversely, if the verified exposures fall below the estimates, a return premium will be credited to your account, subject to the established minimum retained premium.

Audit invoices are due within thirty days of the billing date. Disputed audit findings must be submitted in writing with supporting documentation prior to the due date.

References to classification, territory, and exposure basis include class code 61217 at Location 2 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

THIS AMENDATORY ENDORSEMENT MODIFIES THE CANCELLATION AND NONRENEWAL CONDITIONS TO COMPLY WITH THE STATUTORY REQUIREMENTS OF THE STATE OF VERMONT.

If Juniper Crown Casualty elects to cancel this contract for nonpayment of premium, a written notice will be mailed to the named insured at 19 Briar Harbor, Burlington, VT 05401, at least fifteen days prior to the effective date.

For cancellation reasons other than nonpayment, a forty-five day advance written notice is required. The notice will state the specific factual basis for the termination.

In the event of nonrenewal, we will provide written notice to Lumen Field Brokerage and the named insured no less than forty-five days before the expiration date of 04/01/2027.

Any provisions in the base contract that conflict with Vermont insurance statutes are hereby superseded by this state-specific amendatory document.

References to classification, territory, and exposure basis include class code 18435 at Location 3 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

PREMIUM \$15,194	FORM CG 21 67 01 24

THIS CONTRACT APPLIES SEPARATELY TO EACH ENTITY DESIGNATED AS AN INSURED. HOWEVER, THIS SEPARATION DOES NOT INCREASE THE EACH OCCURRENCE OR GENERAL AGGREGATE LIMITS ESTABLISHED FOR POLICY LG695378.

When multiple insureds are named in a single suit, our duty to provide a defense remains capped by the scheduled limits. We will coordinate a unified defense unless a direct conflict of interest is identified.

Employees and volunteer workers are considered insureds only while performing duties related to the business of Juniper Gate Learning Center, LLC.

A form listed for an exposure item may apply to only the scheduled operation, location, or completed-operations hazard shown in the declarations.

Any breach of conditions by one insured does not automatically void the protection for other insureds, provided the other insureds did not participate in or have prior knowledge of the breach.

References to classification, territory, and exposure basis include class code 47103 at Location 4 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 47103 at Location 4 with payroll of 620,198; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

THE LIMITS DISPLAYED ON THE DECLARATIONS PAGE REPRESENT THE MAXIMUM FINANCIAL RESPONSIBILITY ASSUMED BY JUNIPER CROWN CASUALTY. THESE CAPS APPLY REGARDLESS OF THE NUMBER OF INSUREDS, CLAIMS FILED, OR PERSONS INJURED.

The General Aggregate limit of \$2,000,000 is the total cap for all covered events during the policy period, except those falling under the products-completed operations hazard.

The Products-Completed Operations Aggregate limit of \$2,000,000 functions independently. It caps the total responsibility for incidents arising from your completed work or distributed goods.

The Each Occurrence limit of \$1,000,000 restricts the payout for any single event. This per-event cap is subject to the remaining balance of the applicable aggregate limit.

The Personal and Advertising Injury limit of \$1,000,000 applies separately to offenses such as libel, slander, or copyright infringement. Payments under this provision reduce the General Aggregate limit.

References to classification, territory, and exposure basis include class code 91560 at Location 4 only when that operation appears in the declarations or rating schedule.

THE PREMIUM SHOWN IN THE DECLARATIONS FOR POLICY PERIOD 04/01/2026 TO 04/01/2027 IS AN ADVANCE ESTIMATE. FINAL PREMIUM DETERMINATION OCCURS AFTER THE EXPIRATION OF THE POLICY TERM THROUGH A FORMAL AUDIT PROCESS.

You must maintain detailed records of all operations, specifically tracking gross sales, payroll, and the cost of work. These figures form the exposure basis for your classification codes.

For class code 16916, Contractors - subcontracted work, the cost of work must include all materials and labor furnished by subcontractors. Certificates of insurance must be collected from all subcontractors to avoid additional premium charges.

For class code 91560, Concrete construction, payroll records must segregate overtime pay and severance to ensure accurate rate application. The rate of 0.744 applies to the adjusted payroll exposure.

We reserve the right to examine your financial ledgers for up to three years following the policy expiration date. Any resulting audit premium is due immediately upon receipt of the final billing statement.

EXPOSURE Payroll 171,494	LIMIT General Aggregate: \$2,000,000
PREMIUM \$8,831	FORM CG 00 01 09 21

CLASSIFICATION AND TERRITORY ENTRIES ARE USED FOR RATING AND DO NOT DETERMINE COVERAGE BY THEMSELVES. THE APPLICABLE COVERAGE PART, LIMIT, EXCLUSION, AND ENDORSEMENT MUST BE READ WITH THE DECLARATIONS.

Territory 003 and Territory 007 carry distinct base rates reflecting the regional risk profile. Operations conducted outside these designated territories must be reported to Juniper Crown Casualty within thirty days.

Class code 10010 for Mercantile - food or beverage stores applies specifically to location 1. The exposure basis of gross sales excludes collected sales tax and customer returns.

Class code 41670 for Restaurants - with sales of alcoholic beverages is assigned to location 2. The products-completed operations rate of 0.160 is applied separately from the premises operations rate.

Reclassification may occur if the nature of your business operations changes during the policy period. Notification to Lumen Field Brokerage is required to ensure accurate rating and continuous protection.

References to classification, territory, and exposure basis include class code 47103 at Location 2 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 47103 at Location 2 with payroll of 171,494; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

When more than one scheduled operation could apply to a claim, the most specific applicable form and endorsement must be read with the declarations.

EXPOSURE Gross sales 187,369	LIMIT Products-Completed Operations Aggregate: \$2,000,000
PREMIUM \$13,940	FORM CG 20 10 04 13

THE LIMITS DISPLAYED ON THE DECLARATIONS PAGE REPRESENT THE MAXIMUM FINANCIAL RESPONSIBILITY ASSUMED BY JUNIPER CROWN CASUALTY. THESE CAPS APPLY REGARDLESS OF THE NUMBER OF INSUREDS, CLAIMS FILED, OR PERSONS INJURED.

The General Aggregate limit of \$2,000,000 is the total cap for all covered events during the policy period, except those falling under the products-completed operations hazard.

The Products-Completed Operations Aggregate limit of \$2,000,000 functions independently. It caps the total responsibility for incidents arising from your completed work or distributed goods.

The Each Occurrence limit of \$1,000,000 restricts the payout for any single event. This per-event cap is subject to the remaining balance of the applicable aggregate limit.

The Personal and Advertising Injury limit of \$1,000,000 applies separately to offenses such as libel, slander, or copyright infringement. Payments under this provision reduce the General Aggregate limit.

References to classification, territory, and exposure basis include class code 10010 at Location 3 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 10010 at Location 3 with gross sales of 187,369; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.

EXPOSURE Gross sales 200,180	LIMIT Personal and Advertising Injury: \$1,000,000
PREMIUM \$14,893	FORM CG 20 37 09 21

THIS CONTRACT APPLIES SEPARATELY TO EACH ENTITY DESIGNATED AS AN INSURED. HOWEVER, THIS SEPARATION DOES NOT INCREASE THE EACH OCCURRENCE OR GENERAL AGGREGATE LIMITS ESTABLISHED FOR POLICY LG695378.

When multiple insureds are named in a single suit, our duty to provide a defense remains capped by the scheduled limits. We will coordinate a unified defense unless a direct conflict of interest is identified.

Employees and volunteer workers are considered insureds only while performing duties related to the business of Juniper Gate Learning Center, LLC.

A form listed for an exposure item may apply to only the scheduled operation, location, or completed-operations hazard shown in the declarations.

Any breach of conditions by one insured does not automatically void the protection for other insureds, provided the other insureds did not participate in or have prior knowledge of the breach.

References to classification, territory, and exposure basis include class code 41670 at Location 4 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 41670 at Location 4 with gross sales of 200,180; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

JUNIPER CROWN CASUALTY ISSUES THIS CONTRACT TO JUNIPER GATE LEARNING CENTER, LLC. THIS SECTION OUTLINES THE FOUNDATIONAL ADMINISTRATIVE RULES GOVERNING POLICY NUMBER LG695378.

Premium calculations rely on the estimated exposures provided at inception. The initial charge is provisional and subject to retrospective adjustment once the actual exposure base is verified.

Inspections may be conducted at our discretion at any scheduled premises, including locations 1 through 4. These surveys are strictly for underwriting purposes and do not constitute a warranty of safety or compliance with regulations.

Transfer of your duties or rights under this contract requires our written consent. In the event of the named insured's death, rights transfer automatically to the legal representative handling the estate.

All modifications to the terms must be executed through an official endorsement issued by Lumen Field Brokerage or our authorized underwriting department.

References to classification, territory, and exposure basis include class code 16916 at Location 5 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 16916 at Location 5 with cost of work of 222,062; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

JUNIPER CROWN CASUALTY IS COMMITTED TO TRANSPARENCY REGARDING THE CALCULATION OF YOUR COMMERCIAL PREMIUMS. THIS NOTICE OUTLINES THE FACTORS INFLUENCING YOUR RATES.

Your final premium is heavily dependent on the accurate reporting of exposure bases, including the 87,042 gross sales at location 1 and the 127,051 payroll at location 4.

The products-completed operations rate varies by classification. For instance, class code 16916 carries a rate of 0.076, while class code 41670 utilizes a rate of 0.160.

Failure to provide accurate exposure estimates may result in substantial audit balances at the conclusion of the 04/01/2026 to 04/01/2027 policy period.

This notice is strictly for informational purposes. It does not amend, extend, or alter the provisions of policy number LG695378.

References to classification, territory, and exposure basis include class code 91560 at Location 6 only when that operation appears in the declarations or rating schedule.

Headings are included for ease of reading and do not alter limits, exclusions, additional-insured status, completed-operations treatment, or premium calculations.

If a form schedule and an endorsement detail page address the same operation, the endorsement detail controls from its effective date.

The insured should retain sales records, payroll records, contracts, leases, certificates, and location records used to support the exposure entries.

Coverage summaries on one page do not replace the limits schedule, exposure schedule, forms schedule, or exclusion endorsement attached to the policy.

A certificate, binder note, invoice, or producer correspondence item does not amend an exposure or additional-insured entry unless an endorsement is issued.

Final premium may require allocation of sales, payroll, area, contract cost, territory, products-completed operations, and other exposure records.

When a class code appears on multiple schedules, the item identifier, location, form number, and effective date should be used to read the entries together.

SECTION A - SCHEDULE REFERENCES

The declarations identify class code 91560 at Location 6 with payroll of 235,736; that entry is used for rating and schedule reference purposes.

Coverage applies only as provided by the applicable coverage form, limits schedule, exclusion endorsements, and any additional-insured endorsement attached to the policy.

A location, project, classification, or exposure entry does not create coverage for operations that are otherwise excluded or outside the policy territory.

SECTION B - LIMITS AND AGGREGATES

The each occurrence, damage to premises rented to you, medical expense, personal and advertising injury, products-completed operations, and general aggregate limits apply as stated in the declarations.

A sublimit, deductible, self-insured retention, or endorsement limit is part of the applicable limit and does not increase that limit.
